# COMPANY PROFILE

**VITAR, s.r.o.** was established in 1990 in Zlín in the Czech Republic. We specialise in manufacturing vitamins and food supplements, and over the course of our existence we have become the market leader in our field. Our expertise is supported by the use of top-quality ingredients, purchased from prestigious worldwide suppliers and audited for quality. Our products are distributed throughout supermarkets, specialised stores and pharmacies in many countries around the world, which attests to their excellence.

Our product portfolio has expanded from effervescent tablets, through compounds to hard and soft gelatine capsules, tablets, syrups and powders, with a variety of market targeted packaging.

Along with our product range, we have also expanded our manufacturing operation to offer contract development and production of vitamins and food supplements. We have been able to accomplish this through a combination of our ongoing investments in staff, manufacturing, product development, sales and marketing. The result is a client-specified product, developed according to their individual requests, manufactured under stringent quality conditions, packaged to their requirements, and delivered on time.

## Our advantages:

- Modern manufacturing technologies
- Experienced, highly specialised sales and R&D team
- High flexibility and adaptation to our customers' needs
- Creative design
- Certified systems of quality

## Our certifications:

- IFS, FSSC 22000 and ISO 22000

## R&D capabilities:

- Vitamin preparations
- Mineral preparations
- Herbal preparations
- Complex multi-agent preparations
- Flavoured tablets
- Mint lozenges
- Low-calorie sweeteners
- Powder mixture drinks
- Herbal elixirs

# PRODUCT FORMS

**TABLET**
**Size:** Ø 6 mm

**Weight:** 87,2–95,0 mg

**Packaging options:**

sachet, plastic jar, dispenser

**TABLET**
**Size:** Ø 9 mm

**Weight:** 250–400 mg

**Packaging options:**

tin, plastic jar, sampling, sachet, blister

**TABLET**
**Size:** Ø 12,5 mm

**Weight:** 950–1050 mg

**Packaging options:**

tin, plastic jar, sachet

**TABLET**
**Size:** 16×9 mm

**Weight:** 750–1000 mg

**Packaging options:**

tin, plastic jar, blister, sachet

**TABLET**
**Size:** 17×11,5 mm

**Weight:** 800–1000 mg

**Packaging options:**

tin, plastic jar, sampling, sachet

**TABLET**
**Size:** Ø 15 mm

**Weight:** 1000–1300mg

**Packaging options:**

tin, plastic jar, sampling, sachet

**TABLET**
**Size:** 19,4×9 mm

**Weight:** 1200–1600 mg

**Packaging options:**

tin, plastic jar, blister, sachet

**TABLET**
**Size:** Ø 18 mm

**Weight:** 1,9–2,1 g

**Packaging options:**

plastic jar, blister, sachet

**EFFERVESCENT TABLET “20” / “20+4”**
**Size:** Ø 25×5,8 mm / Ø 25×5 mm

**Weight:** 3,8–4,2 g / 3,0–3,2 g

**Packaging options:**

plastic tube, sampling

**SOFT GELATINE CAPSULE, OVAL 6**
**Size:** Ø 7,65×13,3 mm

**Weight of capsule:** 130–160 mg

**Weight of raw material:** up to 350 mg

**Packaging options:**

plastic jar, blister

**SOFT GELATINE CAPSULE, OVAL 10**
**Size:** Ø 9,2×15 mm

**Weight of capsule:** 220 mg

**Weight of raw material:** up to 500 mg

**Packaging options:**

plastic jar, blister

**SOFT GELATINE CAPSULE, OBLONG 20**
**Size:** Ø 9×24,5 mm

**Weight of capsule:** 370 mg

**Weight of raw material:** up to 1518 mg

**Packaging options:**

plastic jar

**HARD GELATINE CAPSULE “0”**
**Size:** Ø 7,65×21,7 mm

**Weight of capsule:** 97 mg

**Weight of raw material:** up to 450 mg

**Packaging options:**

plastic jar, blister, sachet

**HARD GELATINE CAPSULE “00”**
**Size:** Ø 8,53×23,3 mm

**Weight of capsule:** 120 mg

**Weight of raw material:** up to 850 mg

**Packaging options:**

plastic jar, blister, sachet

**SYRUP IN A PLASTIC BOTTLE**
**Size:** 200 ml, 500 ml, 1000 ml

**Weight:** 260 g, 650 g, 1300 g

**Packaging options:**

plastic bottle

**POWDER**
**Sachet minimum size:** 65×90 mm

**Sachet maximum size:** 85×130 mm

**Weight:** 4–28 g

**Packaging options:**

sample sachet

**POWDER**
**Sachet size:** 25×90 mm

**Weight:** 1,5–4 g

**Packaging options:**

stick pack “25”

**POWDER**
**Jar size:** 150 ml–1300 ml

**Packaging options:**

plastic jar

# OUR NEW PRODUCT LINE OF REVITAL BOTANICALS

## Revital® Botanicals Energy and vitality

### HERBAL EXTRACTS FROM ASHWAGANDHA AND GREEN TEA, FIBRE FROM CHICORY

**Flavours:** green tea and lemon

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Green tea (*Camellia sinensis*)** A strong antioxidant that helps protect cells from oxidative stress, has a beneficial effect on the flexibility of blood vessels, supports proper heart function and proper fat metabolism. It has a positive effect on learning and performance.

**Ashwagandha (*Withania somnifera*)** An important adaptogen that contributes to better resistance during demanding physical and psychological periods. It supports cognitive functions such as memory, attention and helps to improve the vitality and energy of the organism.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
ashwagandha extract ( <i>Withania somnifera</i> )	50 mg
green tea extract ( <i>Camellia sinensis</i> ) (polyphenols 50 %)	50 mg 25 mg
vitamin C (L-ascorbic acid)	80 mg (100 %)
vitamin B <sub>6</sub> (pyridoxine hydrochloride)	1,4 mg (100 %)
vitamin B <sub>12</sub> (cyanocobalamin)	2,5 µg (100 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** sweetener – sorbitol, acid – citric acid, acidity regulator – sodium bicarbonate, fibre from chicory – inulin, L-ascorbic acid, natural aroma, aroma, ashwagandha root extract, green tea leaf extract, anti-caking agent – polyethylene glycol, colour – riboflavin, lemon powder – 0,5 %, sweeteners – sucralose, citrose (neohesperidin DC), pyridoxine hydrochloride, cyanocobalamin

## Revital® Botanicals

### Sleep and relaxation

#### HERBAL EXTRACTS FROM LEMON BALM, VALERIAN AND LAVENDER, FIBRE FROM CHICORY

**Flavours:** lemon balm and lemon

**Lavender (*Lavandula angustifolia*)** It gives the body balance and peace. It supports healthy sleep and psychological well-being.

**Lemon balm (*Melissa officinalis*)** It contributes to better sleep, harmonizes and induces a positive mood. It has calming effects and helps maintain mental well-being in case of nervous tension.

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Valerian (*Valeriana officinalis*)** It supports mental health, induces calm and relaxation. It helps with stress. It has a beneficial effect on memory and attention.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
lemon balm extract ( <i>Melissa officinalis</i> )	50 mg
valerian extract ( <i>Valeriana officinalis</i> )	50 mg
lavender extract ( <i>Lavandula angustifolia</i> )	50 mg
vitamin B6 (pyridoxine hydrochloride)	1,4 mg (100 %)
vitamin B12 (cyanocobalamin)	2,5 µg (100 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** sweetener – sorbitol, acid – citric acid, acidity regulator – sodium bicarbonate, fibre from chicory – inulin, natural aromas, lemon balm plant extract, valerian root extract, lavender flowers extract, anti-caking agent – polyethylene glycol, colour – riboflavin, lemon powder – 0,5 %, sweeteners – sucralose, citrose (neohesperidin DC), cyanocobalamin, pyridoxine hydrochloride

## Revital® Botanicals Multivitamin

### HERBAL EXTRACTS FROM SEA BUCKTHORN AND ROSEHIP, FIBRE FROM CHICORY

**Flavours:** sea buckthorn and blood orange flavour

#### 10 important vitamins

#### B-complex and vitamins C + E

**Sea buckthorn (*Hippophae rhamnoides*)** It supports the immune system and natural defences of the organism. It contributes to maintaining a healthy skin condition and proper functioning of the cardiovascular system.

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Rose hip (*Rosa canina*)** An antioxidant beneficial for the health of the whole organism. It supports the immune system, joints and the proper function of the bladder and kidneys

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
sea buckthorn extract ( <i>Hippophae rhamnoides</i> )	50 mg
rose hip extract ( <i>Rosa canina</i> )	50 mg
biotin (D-biotin)	50 µg (100 %)
vitamin B <sub>1</sub> (thiamine mononitrate)	1,1 mg (100 %)
vitamin B <sub>2</sub> (riboflavin)	1,4 mg (100 %)
vitamin B <sub>6</sub> (pyridoxine hydrochloride)	1,4 mg (100 %)
vitamin B <sub>12</sub> (cyanocobalamin)	2,5 µg (100 %)
nicotinamide	16 mg (100 %)
pantothenic acid (calcium D-pantothenate)	6 mg (100 %)
folic acid (pteroylmonoglutamic acid)	200 µg (100 %)
vitamin C (L-ascorbic acid)	80 mg (100 %)
vitamin E (DL-alpha-tocopheryl acetate)	12 mg (100 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, vitamin premix (see active ingredients), fibre from chicory – inulin, anti-caking agent – polyethylene glycol, aroma, sea buckthorn fruit extract, rose hip fruit extract, natural orange aroma with other natural aromas, colour – beta-carotene, beetroot concentrate, orange powder 0,5 %, sweeteners – sucralose, citrose (neohesperidin DC)

## Revital® Botanicals

### Multivitamin + minerals

#### HERBAL EXTRACTS FROM GREEN TEA AND GINSENG, FIBRE FROM CHICORY

**Flavours:** passionfruit and lemongrass

**Complex – 11 vitamins and 5 mineral substances**

**Green tea (*Camellia sinensis*)** A strong antioxidant that helps protect cells from oxidative stress, has a beneficial effect on the flexibility of blood vessels, supports proper heart function and proper fat metabolism. It has a positive effect on learning and performance.

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Ginseng (*Panax ginseng*)** It supports memory, vitality and performance of the organism. It has beneficial effects on the immune system, proper functioning of the cardiovascular system and helps maintain normal blood sugar levels.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
green tea extract ( <i>Camellia sinensis</i> ) (polyphenols 50 %)	50 mg 25 mg
ginseng extract ( <i>Panax ginseng</i> )	50 mg
biotin (D-biotin)	50 µg (100 %)
vitamin B <sub>1</sub> (thiamine mononitrate)	1,1 mg (100 %)
vitamin B <sub>2</sub> (riboflavin)	1,4 mg (100 %)
vitamin B <sub>6</sub> (pyridoxine hydrochloride)	1,4 mg (100 %)
vitamin B <sub>12</sub> (cyanocobalamin)	2,5 µg (100 %)
nicotinamide	16 mg (100 %)
pantothenic acid (calcium D-pantothenate)	6 mg (100 %)
folic acid (pteroylmonoglutamic acid)	200 µg (100 %)
vitamin C (L-ascorbic acid)	80 mg (100 %)
vitamin E (DL-alpha-tocopheryl acetate)	12 mg (100 %)
vitamin D <sub>3</sub> (cholecalciferol)	5 µg (100 %)
calcium (calcium carbonate)	120 mg (15 %)
magnesium (magnesium oxide)	56,25 mg (15 %)
zinc (zinc citrate)	1,5 mg (15 %)
iron (ferrous sulphate)	2,1 mg (15 %)
chrome (chromium picolinate)	6 µg (15 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, calcium carbonate, vitamin premix (see active ingredients), natural aroma, anti-caking agent – polyethylene glycol, fibre from chicory – inulin, magnesium oxide, natural aroma from lemongrass, green tea leaf extract, ginseng root extract, colour – beta-carotene, passionfruit powder 0,5 %, sweeteners – sucralose, citrose (neohesperidin DC), ferrous sulphate, zinc citrate, cholecalciferol, chromium picolinate

## Revital® Botanicals Vitamin C 500 mg

### HERBAL EXTRACTS FROM GREEN TEA AND GINGER, FIBRE FROM CHICORY

**Flavours:** ginger and lemongrass flavour

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Green tea (*Camellia sinensis*)** It has beneficial effects on the human organism. It acts as an antioxidant that helps protect cells from oxidative stress. It favourably affects the flexibility of blood vessels and the proper functioning of the heart, participates in fat metabolism and normal cholesterol levels. It has a positive effect on memory, learning and performance.

**Ginger (*Zingiber officinalis*)** An important antioxidant that positively affects the vitality of the organism, supports the immune system, cardiovascular system and respiratory tract. It has beneficial effects on digestion and maintaining normal blood sugar levels.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
green tea extract ( <i>Camellia sinensis</i> ) (polyphenols 50 %)	50 mg 25 mg
ginger extract ( <i>Zingiber officinalis</i> )	50 mg
vitamin C (L-ascorbic acid)	500 mg (625 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, L-ascorbic acid, fibre from chicory – inulin, anti-caking agent – polyethylene glycol, natural aroma from lemongrass, colour – riboflavin, natural ginger aroma, ginger rhizome extract, green tea leaf extract, sweeteners – sucralose, citrose (neohesperidin DC)

## Revital® Botanicals Vitamin C 1000 mg

### HERBAL EXTRACTS FROM ECHINACEA AND ELDERFLOWER, FIBRE FROM CHICORY

**Flavours:** apricot and green tea

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Elderflower (*Sambucus nigra*)** An antioxidant that contributes to the proper functioning of the immune and respiratory system. It supports the removal of excess water from the body and thus also the excretion of waste substances.

**Echinacea (*Echinacea purpurea*)** It supports the immune system and thus also the overall defence of the human organism. It is beneficial for the health of the upper respiratory tract and urinary tract.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
echinacea extract ( <i>Echinacea purpurea</i> ) (polyphenols 4 %)	50 mg 2 mg
elderflower flower extract ( <i>Sambucus nigra</i> )	50 mg
vitamin C (L-ascorbic acid)	1000 mg (1250 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** L-ascorbic acid, acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, anti-caking agent – polyethylene glycol, fibre from chicory – inulin, natural aroma, aroma, echinacea herb extract, elderflower flower extract, apricot powder 0,5 %, green tea leaf extract, sweeteners – sucralose, citrose (neohesperidin DC), colour – beta-carotene

flavour

## Revital® Botanicals

### Magnesium + B6

#### HERBAL EXTRACTS FROM LAVENDER AND SCHISANDRA, FIBRE FROM CHICORY

**Flavours:** raspberry, cherry and lavender

**Fibre from chicory** Prebiotic soluble fibre is beneficial for intestinal microflora.

**Lavender (*Lavandula angustifolia*)** Supports relaxation and calming. It contributes to the relaxation of the whole organism during physical tension and helps induce restful sleep.

**Schisandra (*Schisandra chinensis*)** Commonly known as Chinese cloaca, it contains adaptogen substances that support the organism resistance during physical exertion or stressful situations. It contributes to mental well-being and balance. It acts as an antioxidant and a substance beneficial for the health of the respiratory system and liver.

**Magnesium and vitamin B6** support the mind and the proper functioning of the nervous system. They participate in energy metabolism and help with fatigue and exhaustion.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink (% RI*)
lavender extract ( <i>Lavandula angustifolia</i> )	50 mg
schisandra extract ( <i>Schisandra chinensis</i> )	50 mg
magnesium (magnesium oxide, magnesium lactate)	300 mg (80 %)
vitamin B <sub>6</sub> (pyridoxine hydrochloride)	1,4 mg (100 %)
fibre – inulin	120 mg

\*reference intake

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, magnesium oxide, magnesium lactate, fibre from chicory – inulin, anti-caking agent – polyethylene glycol, lavender flower extract, Schisandra fruit extract, natural aromas, natural lavender aroma with other natural aromas, colour – beetroot concentrate, raspberry powder 0,5 %, anti-caking agent – talc, sweeteners – sucralose, citrose (neohesperidin DC), pyridoxine hydrochloride

## Revital® Vitamin C 500 mg

### EFFERVESCENT TABLETS WITH VITAMIN C AND FIBRE

**Flavours:** orange, strawberry

Boosts the immune system

Suitable for sickness, stress and sport

**Vitamin C contributes to:**

- normal functioning of the immune and nervous system
- reduction of tiredness and fatigue
- normal psychological functioning
- protection against oxidative stress
- normal energy metabolism
- normal collagen production for the normal functioning of blood vessels, skin, gums, teeth, cartilages and bones
- increase of iron absorption

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet – in 200 ml of the drink and % RI*
vitamin C	500 mg (625 %)
fibre – inulin	120 mg

*\*reference intake*

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, L-ascorbic acid, natural aroma, fibre from chicory – inulin, anti-caking agent – polyethylene glycol, aroma, colour – betacarotene, sweeteners – sucralose, citrose (neohesperidin DC)

● **Ingredients:** sweetener – sorbitol, acid – citric acid, acidity regulator – sodium bicarbonate, acid – L-ascorbic acid, fibre from chicory – inulin, natural aroma, anti-caking agent – polyethylene glycol, colour – beetroot concentrate, sweeteners – sucralose, citrose (neohesperidin DC)

## Calcium + Magnesium + Vitamins C, B6, D3, K1

### FOR STRONG BONES AND TEETH

#### Lemon flavour

- maintenance of the normal condition of bones and teeth
- normal absorption of calcium
- normal functioning of muscles
- suitable for bone growth during adolescence
- suitable for recovery from injuries with fractures and people at risk of bone loss
- the combination of minerals and vitamins can also be beneficial during menopause, when bone loss occurs

**Quantity: 20 effervescent tablets**

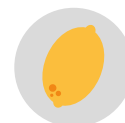

Active ingredients	in 1 tablet - in 200 ml of the drink and % RI*
calcium	250 mg (31,25 %)
magnesium	56,3 mg (15 %)
vitamin C	300 mg (375 %)
vitamin B6	7 mg (500 %)
vitamin D3	5 µg (100 %)
vitamin K1	45 µg (60 %)
fibre - inulin	120 mg

\*reference intake

● **Ingredients:** acid – citric acid, sweetener – sorbitol, calcium carbonate, L-ascorbic acid, acidity regulator – sodium bicarbonate, anti-caking agent – polyethylene glycol, fibre from chicory – inulin, magnesium oxide, natural aroma, sweeteners – sucralose, citrose (neohesperidin DC), pyridoxine hydrochloride, anti-caking agent – talc, cholecalciferol, phylloquinone

## Revital® Ferrodyn

### SUPPORTS BLOOD FORMATION

**Tropical fruit flavour**

**Iron and vitamin C contribute to:**

- normal formation of red blood cells and haemoglobin
- normal transportation of oxygen in the body
- normal functioning of the immune system
- reduction of tiredness and fatigue
- increase of iron absorption
- normal iron metabolism

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet - in 200 ml of the drink and % RI*
iron	14 mg (100 %)
vitamin C	240 mg (300 %)
vitamin E	48 mg (400 %)
beta-carotene is equivalent of vitamin A	4,5 mg 750 µg (93,8 %)
fibre – inulin	120 mg

*\*reference intake*

● **Ingredients:** sweetener – sorbitol, acid – citric acid, acidity regulator – sodium bicarbonate, L-ascorbic acid, DL-alpha-tocopheryl acetate, fibre from chicory – inulin, ferrous fumarate, beta-carotene, anti-caking agent – polyethylene glycol, aroma – mixed fruits, sweeteners – sucralose, citrose (neohesperidin DC)

## Revital® Liver Detox

### FOR NORMAL FUNCTIONING OF LIVER

#### Blackcurrant flavour

- contains 150 mg of milk thistle extract and fibre
- suitable for liver detoxification, normal digestion and functioning of liver

#### Milk thistle contributes to:

- normal digestion and functioning of liver
- normal blood sugar level
- normal functioning of the heart
- detoxification of the organism
- natural immunity of the organism

#### Quantity: 20 effervescent tablets

Active ingredients	in 1 tablet – in 200 ml of the drink
milk thistle extract (extract 30:1 – corresponds to 4500 mg of milk thistle (120 mg of silymarin))	150 mg
fibre – inulin	120 mg

● **Ingredients:** acid – citric acid, sweetener – sorbitol, acidity regulator – sodium bicarbonate, milk thistle seed extract, anti-caking agent – polyethylene glycol, fibre from chicory – inulin, colour – betanin, aroma, sweeteners – sucralose, citrose (neohesperidin DC)

Article no.:

## Revital® Body Detox

### FOR BODY DETOXIFICATION

#### Lemon flavour

- contains aloe vera Barbadensis Miller and fibre
- for detoxification
- high aloe vera content

#### Aloe vera contributes to:

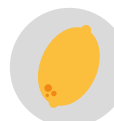

- detoxification of the organism
- natural immunity of the organism
- antioxidative effects
- positive effect on digestion

#### Quantity: 20 effervescent tablets

Active ingredients	in 1 tablet – in 200 ml of the drink
aloe vera Barbadensis Miller extract (extract 200:1 – corresponds to 30 g of aloe vera)	150 mg
fibre – inulin	120 mg

Revital®

**Vitamin C 600 mg + Rose Hip****FOR AN IMMUNITY BOOST****The active ingredients contribute to:**

- normal functioning of the immune system
- reduction of tiredness and fatigue
- protection against oxidative stress
- normal collagen formation for the proper functioning of the skin and gums

**Vitamin C and rose hip** are significant antioxidants and contribute to the correct functioning of the human organism. Vitamin C is required for collagen creation, which is an important substance of body tissues such as muscles, tendons, cartilages and skin. Vitamin C significantly participates in the functions of the immune system. It's vital for maintaining good health of the organism.

**Quantity: 60 capsules**

Active ingredients	in 1 capsule and % RI*
vitamin C	600 mg (750 %)
rose hip extract ( <i>Rosa canina</i> )	50 mg

\*reference intake

● **Capsule ingredients:** L-ascorbic acid, rose hip extract, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Canadian Cranberries 500 mg Acute

### FOR THE URINARY TRACT

**VITAR Canadian Cranberries 500 mg Acute** contains a high amount of extracts from the fruits of Canadian cranberries containing a guaranteed amount of proanthocyanidins - these are part of the powerful antioxidant flavonoids group. Combined with nettle and birch leaf extracts, it has a positive effect on the functioning of kidneys, bladder and urethra. Both extracts are diuretic and help to better remove harmful substances from your body. The effect of herbal extracts is further supported by **D-mannose**, which is usually contained in most food supplements recommended for the urinary tract problems. This product is also enriched with **vitamin C** to strengthen your body's immunity.

**Quantity: 15 capsules**

Active ingredients	in 1 capsule and % RI*
Canadian cranberries extract ( <i>Vaccinium macrocarpon</i> ) is an equivalent to 10 g of cranberries 10 % proanthocyanidins (PAC)	500 mg
D-mannose	100 mg
nettle extract ( <i>Urtica dioica</i> )	50 mg
birch extract ( <i>Betula pendula</i> )	50 mg
vitamin C	80 mg (100 %)

\*reference intake

Article no.:  
**42201105**

● **Capsule ingredients:** Canadian cranberry fruit extract, D-mannose, L-ascorbic acid, nettle leaf extract, birch leaf extract, anti-caking agent - magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, colour - zinc oxide

Vitar®

## Ginkgo Biloba Forte

### FOR BETTER MEMORY AND BLOOD CIRCULATION IN LIMBS

**Ginkgo biloba contributes to:**

- mental balance
- normal brain functioning
- improvement of cognitive functions such as memory, concentration, attention
- correct functioning of sight and hearing

**Quantity: 60 capsules**

Active ingredients	in 1 capsule and % RI*
ginkgo biloba extract (24 % of flavones, 6 % of lactones)	60 mg
DMAE	20 mg
magnesium	188 mg (50 %)
vitamin B6	1,4 mg (100 %)
vitamin C	40 mg (50 %)

\*reference intake

Article no.:  
**42200076**

● **Capsule ingredients:** magnesium oxide, ginkgo biloba leaf extract, DMAE (dimethyl-aminoethanol bitartrate), L-ascorbic acid, anti-caking agent - magnesium stearate, pyridoxine hydrochloride

● **Capsule shell ingredients:** bovine gelatine, colour - zinc oxide

## Vitar® Vitamin C + Zinc

### FOR AN IMMUNITY BOOST

#### Orange flavour

- mouth dissolving tablets with vitamin C and zinc

#### Vitamin C contributes to:

- normal functioning of the immune system
- reduction of fatigue and tiredness
- normal functioning of the nervous system
- normal mental functions
- protection against oxidative stress
- normal energy metabolism
- normal collagen production for skin and gum functions
- increased iron absorption

#### Zinc contributes to:

- normal functioning of the immune system
- normal acid-base metabolism
- normal bone health
- normal condition of hair, nails and skin

Quantity: **30 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin C	100 mg (125 %)
zinc	15 mg (150 %)

\*reference intake

Article no.:  
**42200000**

● **Ingredients:** sweetener – sorbitol, L-ascorbic acid, zinc citrate, anti-caking agent – magnesium stearate, colour – beta-carotene 1 %, orange powder 0,25 %, sweeteners – aspartame and acesulfame K, natural aroma

## Vitar® Calcium, Magnesium, Zinc + Vitamins D3 and K1

### FOR YOUR BONES AND TEETH

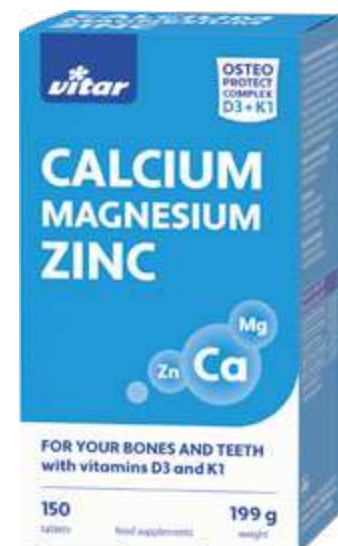

#### The ingredients contribute to:

- maintenance of the optimal condition of bones
- maintenance of the optimal condition of teeth
- normal muscle function
- normal functioning of the immune system
- reduction of tiredness and fatigue
- normal functioning of the nervous system
- normal mental activity

Quantity: **150 tablets**

Active ingredients	in 1 tablet and % RI*
calcium	320 mg (40 %)
magnesium	100 mg (26,7 %)
zinc	8,5 mg (85 %)
vitamin D3	5 µg (100 %)
vitamin K1	45 µg (60 %)

\*reference intake

Article no.:  
**42200054**

● **Ingredients:** calcium carbonate, filling agent – sorbitol, magnesium oxide, anti-caking agent – microcrystalline cellulose, zinc citrate, anti-caking agents – polyethylene glycol, magnesium stearate, talc, cholecalciferol, phylloquinone

## L-Tryptophan Forte

## FOR MENTAL WELLBEING AND A GOOD NIGHT'S SLEEP

**Rhodiola rosea** has a positive effect on physical performance and condition. It has the ability to harmonise and stabilise the human body, for example, during stress and anxiety.

**Schisandra** helps to manage stressful situations such as injuries, anxiety, or physical fatigue.

## Magnesium contributes to:

- normal muscle function
- maintaining the normal condition of bones and teeth

## Vitamin B6 contributes to:

- reducing the level of fatigue and exhaustion
- normal functioning of the nervous system
- normal mental activity

Quantity: 30 capsules

Active ingredients	in 1 capsule and % RI*
L-tryptophan	160 mg
rhodiola rosea extract	100 mg
schisandra extract	37 mg
pantothenic acid	3 mg (50 %)
vitamin B6	0,7 mg (50 %)
biotin	25 µg (50 %)
folic acid	100 µg (50 %)
magnesium	60 mg (16 %)

\*reference intake

Article no.:  
42200070

- **Capsule ingredients:** magnesium citrate, L-tryptophan, rhodiola rosea extract, schisandra extract, anti-caking agent - magnesium stearate, vitamin B5, vitamin B6, folic acid, biotin
- **Capsule shell ingredients:** bovine gelatine, zinc oxide

VITAR®

## Super Beta-carotene with pot marigold and daisy

### FOR HEALTHY SKIN AND A SUNTANNED COMPLEXION

**Pot marigold** is a source of natural carotenoids – lutein and zeaxanthin, it has positive effects on the skin. **Daisy** has a positive effect on the skin, hair and nails.

**Biotin** positively affects skin quality and is essential for the overall vitality of your body. **Beta-carotene** is a provitamin of vitamin A, which maintains the normal condition of the skin. It cares for it and helps gain and maintain a beautiful colour after staying in the sun.

**Vitamin E** is a significant antioxidant contributing to the protection of cells against oxidative stress. It helps remove free radicals, protecting the cells against damage and thus against ageing. **Vitamin C** supports the immune system and positively effects the condition of the skin.

**Quantity: 60/120 tablets**

Active ingredients	in 1 tablet and % RI*
beta-carotene is an equivalent to vitamin A	6 mg 1 000 mg (125 %)
pot marigold extract ( <i>Calendula officinalis</i> )	30 mg
10 % lutein	3 mg
2 % zeaxanthin	0,6 mg
daisy extract ( <i>Bellis perennis</i> )	20 mg
biotin	50 µg (100 %)
vitamin C	40 mg (50 %)
vitamin E	6 mg (50 %)

\*reference intake

Article no.:

## Vitar® MAGNESIUM KINGS LIPOMAGNE + B complex

### FOR MENTAL BALANCE, REDUCTION OF FATIGUE AND STRESS, MUSCLE AND HEART FUNCTION

Quantity: 30/60 capsules

**Vitar Kings LIPOMAGNE + B complex** contains an innovative form of organically bound magnesium encapsulated in liposomes. Liposomes are phospholipid vesicles that surround the active ingredient, providing it with protection from external influences and allowing for easier transport and absorption by the human body.

This makes the active substance more bioavailable even at lower doses.

Magnesium contributes to the proper functioning of the nervous system and muscles, the maintenance of normal mental functions, healthy bones, teeth and electrolyte balance. It also contributes to reducing feelings of fatigue and exhaustion and maintaining normal energy metabolism.

**Vitamin B1** supports the proper functioning of the heart and nervous system.

**Vitamin B2** is involved in iron metabolism, contributing to the protection of cells from oxidative stress.

**Vitamin B6** supports the formation of red blood cells, contributes to the reduction of fatigue and exhaustion and to normal mental activity.

Active ingredients	in 1 capsule and % RI*	in 2 capsule and % RI*
liposomal magnesium (magnesium citrate, phospholipids)	607 mg	1214 mg
of which: magnesium / magnesium	57 mg (15,2 %)	114 mg (30,4 %)
vitamin B1 (thiamine mononitrate)	0,275 mg (25 %)	0,55 mg (50 %)
vitamin B2 (riboflavin)	0,350 mg (25 %)	0,70 mg (50 %)
vitamin B6 (pyridoxine hydrochloride)	0,350 mg (25 %)	0,70 mg (50 %)

\*reference intake

- **Capsule ingredients:** liposomal magnesium (magnesium citrate, phospholipids), anti-caking agent - magnesium stearate, pyridoxine hydrochloride, thiamine mononitrate, riboflavin.
- **Capsule shell ingredients:** hydroxypropylmethylcellulose, zinc oxide

## Vitar® Coenzyme Q10

### FOR A HEALTHY HEART

60 mg or 100 mg of natural coenzyme Q10

The active ingredients contribute to:

- normal functioning of the immune system
- protection against oxidative stress
- maintenance of the normal condition of hair, nails and skin
- correct functioning of the heart

Quantity: **60 capsules**

**60 mg of coenzyme Q10**

Active ingredients	in 1 capsule and % RI*
coenzyme Q10	60 mg
vitamin E	12 mg (100 %)
selenium	10 µg (18,2 %)
vitamin B1	1,1 mg (100 %)

\*reference intake

● **Capsule ingredients:** soybean oil refined, coenzyme Q10, coconut oil, DL-alpha-tocopheryl acetate, **soybean oil hydrogenated**, **soy lecithin**, sodium selenite, thiamine hydrochloride

● **Capsule shell ingredients:** bovine gelatine, glycerol, purified water, iron oxide (red)

**100 mg of coenzyme Q10**

Active ingredients	in 1 capsule and % RI*
coenzyme Q10	100 mg
vitamin E	12 mg (100 %)
selenium	10 µg (18,2 %)
vitamin B1	1,1 mg (100 %)

\*reference intake

● **Capsule ingredients:** soybean oil refined, coenzyme Q10, DL-alpha-tocopheryl acetate, beeswax, **soy lecithin**, sodium selenite, thiamine hydrochloride

## Vitar® Vitamin C 500 mg with Sea Buckthorn

### FOR LONG-LASTING IMMUNITY SUPPORT

- unique crystalline granulation technology
- prolonged release for more than 8 hours

#### Vitamin C + Sea Buckthorn contribute to:

- normal functioning of the immune system
- reduction of tiredness and fatigue
- protection against oxidative stress
- normal functioning of the cardiovascular system
- normal collagen production for muscles, tendons, cartilages and skin

Quantity: **30/60 capsules**

Active ingredients	in 1 capsule and % RI*
vitamin C	500 mg (625 %)
sea buckthorn extract ( <i>Hippophae Rhamnoides</i> )	50 mg

\*reference intake

- **Capsule ingredients:** L-ascorbic acid, sea buckthorn fruit, anti-caking agent – microcrystalline cellulose, shellac
- **Capsule shell ingredients:** hydroxypropyl methylcellulose

Article no.:

## Vitar® Zinc 15 mg Organic form

### IMMUNE SYSTEM SUPPORT

**Vitar Zinc 15 mg** contains organically bound zinc, which is more easily absorbed by the human body. It is important for maintaining the good health of the whole organism. Zinc contributes significantly to the function of the immune system and has a positive effect on the quality of skin, hair, nails and bones. It contributes to normal vision and normal cognitive functions. Supports normal acid-base metabolism and maintains proper testosterone levels in the blood. Participates in the process of cell division and their protection from oxidative stress. Has a beneficial effect on normal fertility and reproduction.

**Quantity: 90 tablets**

Active ingredients	in 1 tablet and % RI*
zinc	15 mg (150 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, zinc citrate, anti-caking agents – talc, polyethylene glycol, magnesium stearate

Article no.:  
42300505

## Vitar® Magnesium + B6 Organic form

### FOR FATIGUE AND EXHAUSTION MUSCLES, HEART AND NERVOUS SYSTEM

**Vitar Magnesium + vitamin B6** contains organically bound magnesium in the form of magnesium citrate, which is very well absorbed by the body.

**Magnesium** contributes to the proper function of the nervous system. It contributes to the maintenance of healthy bones and teeth. **Vitamin B6** supports the immune system and contributes to the production of red blood cells and energy, which is very important for the body.

**Quantity: 90 tablets**

Active ingredients	in 1 tablet and % RI*	In 3 tablets and % RI*
magnesium	125 mg (33,33 %)	375 mg (100 %)
vitamin B6	0,7 mg (50 %)	2,1 mg (150 %)

\*reference intake

● **Ingredients:** magnesium citrate, filling agent – calcium phosphate, filling agents – sorbitol, anti-caking agent – talc, magnesium stearate, polyethylene glycol, pyridoxine hydrochloride

Article no.:  
42300506

Vitar®

**Vitamin K2 + D3 Forte****HEALTHY BONES, TEETH AND HEART****Raspberry flavour**

**Vitamin K2** is very important for the human body. A healthy body naturally produces it in small amounts. However, it is not sufficiently represented in the diet, so it is advisable to supply vitamin K2 to the body. It has a positive effect on the blood clotting process and is essential for the development and maintenance of strong bones. Its strongest benefit is supporting the effective incorporation of calcium into bone mass. The vitamin K2 supplied here is in the bioactive form of menaquinone MK-7. This form is very well absorbed by the human organism.

The effect of vitamin K2 is supported by **vitamin D3**, which is involved in the proper function of the immune system and muscles as well as in maintaining proper calcium blood levels and absorption. Together they support the health of the teeth and the entire skeletal system.

Maintaining adequate calcium levels in the blood supports cardiovascular health, including the proper functioning of the heart. Its function is favourably affected by **vitamin B1** (thiamine) involved in the proper functioning of the nervous system which controls the activity of all organs in the body.

**Vitar Vitamin K2 + D3 Forte** tablets are intended for all ages, especially for growing children, adults, menopausal women and people suffering from bone loss.

**Quantity:** 60 tablets

Active ingredients	in 1 tablet and % RI*
vitamin D3	1000 IU / 25 µg
vitamin K2	80 µg
vitamin B1	1,1 mg

- face and hands from frost
- skin during time in a swimming pool or sauna
- hands when working with oil and fat

**Quantity:** 110 g / 134 ml

● **Ingredients:** petrolatum, Aloe Barbadensis Leaf juice, Butyrospermum Parki bitter, tocopherol acetate

Article no.:  
**43400003**

## Vitar® Vitamin C 100 g

### ASCORBIC ACID IN THE FORM OF POWDER

#### Vitamin C contributes to:

- normal functioning of the immune system
- reduction of tiredness and fatigue
- normal functioning of the nervous system
- normal psychological functioning
- protection against oxidative stress
- normal energy metabolism
- normal formation of collagen for normal functioning of bones and teeth
- increase of iron absorption

**Quantity:** 100 g

Active ingredients	in 100 mg and % RI*
vitamin C	100 mg (125 %)

\*reference intake

● **Ingredients:** L-ascorbic acid (vitamin C)

Article no.:  
**43700003**

## Vitar® SODA tablets

Soda is a traditional and tested remedy for heartburn, pressure in the stomach and for that stuffed belly feeling.

- contains pure sodium bicarbonate
- in the form of tablets

**Quantity:** 150 tablets

● **Ingredients:** sodium bicarbonate in pharmacopoeial quality (91 %), filling agent – sorbitol, anti-caking agent – polyethylene glycol

Article no.:  
43700001

## Vitar® SODA powder

- contains pure sodium bicarbonate
- in the form of powder

**Quantity:** 100 g

● **Ingredients:** sodium bicarbonate

Article no.:  
43700002

## Vitar® Revival Forte

**Lemon and grapefruit flavour**  
Powder mixture 6,7 g

- calms down your stomach
- replenishes energy
- adds vitamins and minerals

**Quantity:** 1 sachet (25 sachets in a display)

Active ingredients	in 1 sachet – in 200 ml of the drink and % RI*
sodium bicarbonate	1632 mg
biotin	25 µg (50 %)
vitamin B1	0,55 mg (50 %)
vitamin B2	0,7 mg (50 %)
vitamin B6	0,7 mg (50 %)
vitamin B12	1,25 µg (50 %)
vitamin B3	8 mg (50 %)
pantothenic acid	3 mg (50 %)
folic acid	100 µg (50 %)
vitamin C	80 mg (100 %)
vitamin E	6 mg (50 %)
magnesium	56,25 mg (15 %)

\*reference intake

● **Ingredients:** sugar, acidity regulator – sodium bicarbonate, acid – tartaric acid, magnesium citrate, acid – citric acid, vitamin premix (see active ingredients), potassium citrate, natural aroma, L-ascorbic acid, natural aroma, anti-caking agent – silicon dioxide

Article no.:  
43200015

lemon and grapefruit  
flavour

## Vitar® Revival Active

**Helps you get back on your feet  
After excessive consumption of food and alcohol**

- baking soda + tartaric acid
- vitamin C

**Quantity:** 20 effervescent tablets

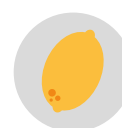

Active ingredients	in 1 tablet (100 ml of the drink)
sodium bicarbonate	1630 mg
vitamin C	40 mg (*50 %)

\*reference intake

● **Ingredients:** acidity regulator – sodium bicarbonate, acid – tartaric acid, sweetener – sorbitol, anti-caking agent – polyethylene glycol, L-ascorbic acid, natural aroma, lemon powder 0,47 %

Article no.:  
41200033

lemon  
flavour

## Revitalon Revitalon Forte

### HAIR NUTRITION FOR HEALTHY AND STRONG HAIR

**Revitalon Forte** contains a unique combination of balanced amount of natural extracts, vitamins, minerals and important amino acids which work inside your body to nourish your hair directly from the roots while contributing to the maintenance of naturally healthy hair.

#### EXTRA STRONG FORMULA in every capsule – 18 active ingredients

- amino acids are fundamental building blocks for the creation of proteins, which forms the structure of hair and nails
- biotin contributes to the maintenance of healthy hair and skin
- copper contributes to the maintenance of the natural hair colour
- zinc, selenium and horsetail extract contribute to the improvement of the appearance and structure of hair, nails and skin
- vitamin B6 participates in the creation of the amino acid L-cysteine
- vitamin C is a significant antioxidant, important not only for the immune system but also for the creation of collagen, which is the substance necessary for the structure of the skin and blood vessels

**Quantity: 30/120 capsules**

Active ingredients	in 1 capsule and % RI*
L-methionine	240 mg
L-cysteine	70 mg
biotin	100 µg (200 %)
vitamin B1	1,1 mg (100 %)
vitamin B6	1,4 mg (100 %)
pantothenic acid	6 mg (100 %)
folic acid	200 µg (100 %)
vitamin C	24 mg (30 %)
copper	1,5 mg (150 %)
zinc	10 mg (100 %)
selenium	30 µg (54,4 %)
4-aminobenzoic acid (PABA)	40 mg
hyaluronic acid	5 mg
brewer's yeast	50 mg
golden millet extract	30 mg
wheat germ extract	30 mg
nettle extract	20 mg
horsetail extract (7 % of silicon)	100 mg (7 mg)

\*reference intake

Article no.:  
**42200080**

Article no.:  
**42200082**

● **Capsule ingredients:** L-methionine, horsetail extract, L-cysteine, brewer's yeast, 4-aminobenzoic acid (PABA), zinc citrate, golden millet extract, wheat germ extract, L-ascorbic acid, nettle leaf extract, anti-caking agents – carboxymethylcellulose sodium salt, magnesium stearate, copper gluconate, sodium selenite, calcium pantothenate, hyaluronic acid, pyridoxine hydrochloride, thiamin mononitrate, folic acid, biotin

● **Capsule shell ingredients:** bovine gelatine, colour – zinc oxide

## Revitalon Marine Collagen Drink 4 000 mg

### FOR ELASTIC AND HEALTHY GLOWING SKIN

#### Raspberry and sour cherry flavour

**Revitalon Marine Collagen DRINK** is a delicious raspberry and sour cherry flavoured collagen drink designed for those who want to nurture their skin from within.

You will be pleasantly surprised not only by its delicate taste, but also by the high dose of 4 000 mg of soluble hydrolysed marine collagen in a very highly absorbable form in combination with vitamin C, which contributes significantly to collagen renewal. It contributes to the maintenance of skin, blood vessel health, gums, bones and cartilage.

Selenium and vitamin C are important antioxidants, which protect cells from oxidative stress and thus from ageing. Zinc and biotin are beneficial for proper carbohydrate metabolism, fats and proteins, substances essential for proper nutrition and function of the whole body. They are beneficial for hair health.

**Quantity: 30 sachets**

Active ingredients	in 1 sachet (200 ml of drink) and % RI*
COLLAGEN HM - hydrolysed marine collagen	4 000 mg
vitamin C	80 mg
biotin	50 µg
zinc	10 mg
selenium	55 µg

\*reference intake

● **Ingredients:** COLLAGEN HM - hydrolysed marine fish collagen, acid - citric acid, natural aroma, L-ascorbic acid, natural aroma, colour - beetroot concentrate, zinc citrate, sodium selenite, anti-caking agent - talc, sweeteners - sucralose, citric acid (neohesperidin DC), D-biotin

Article no.:  
**43200501**

raspberry and sour cherry

## FOR THE FUTURE OF US AND NATURE

### A RANGE OF VITAMINS IN ECO FRIENDLY PACKAGING

Environmental protection is a globally important issue. The Czech VITAR company is committed to it with its **Vitar ECO Friendly** product line of food supplements.

This line's products are packaged in materials that emphasise environmental friendliness and a minimum of residual waste. **The boxes** are made of 100% recyclable material and also use ecological printing inks.

**Capsules** made of vegetable cellulose are packaged in **eco friendly bags that replace blisters**. The bag can be closed with a wooden peg.

All this make the Vitar ECO Friendly line an exceptional project in the field of food supplements. There are currently 11 nutritional supplements in the line and the list is growing.

## Vitar® ECO Collagen Forte

### NATIVE COLLAGEN + EXTRACT FROM BOSWELLIA SERRATA

This product offers a combination of active ingredients, each of which can be significantly beneficial to the musculoskeletal system:

**Type II collagen** is contained mainly in joint cartilage, where it supports stiffness and endurance. Here, it is present in a natural native form which is very beneficial for the human organism.

**Type I collagen** is present in the human body in higher portions. It participates in the structure of tendons, ligaments, bones and skin.

**Boswellia serrata extract**, helps to keep joints in a good condition. **Vitamin C** is vital for the creation of collagen and for the structure of cartilage, skin, gums, teeth and blood vessels.

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
native type II collagen	200 µg
type I collagen	50 mg
collagen peptides	100 mg
extract from Boswellia serrata (90 % of boswellic acids)	50 mg (45 mg)
vitamin C	80 mg (100 %)

\*reference intake

Article no.:  
42300400

● **Capsule ingredients:** collagen peptides, L-ascorbic acid, extract from the resin of Boswellia serrata tree, hydrolysed collagen type I, anti-caking agent – magnesium stearate, native type II collagen

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Magnesium

### BIOLOGICALLY ACTIVE MAGNESIUM AQUAMIN Mg + VITAMIN B6

**Vegan capsules** with biologically active magnesium in the form of Aquamin, which is gained from the sea.

**Magnesium** is very important for the human organism, it participates in many processes in the human body.

**The active ingredients contribute to:**

- reduction of tiredness and fatigue
- normal energy metabolism
- normal creation of red blood cells
- helps boost the immune system

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
Aquamin Mg magnesium hydroxide magnesium	227 mg 75 mg (20 %)
vitamin B6	0,7 mg (50 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
42300401

● **Capsule ingredients:** Aquamin Mg (magnesium hydroxide), anti-caking agent – magnesium stearate, pyridoxine hydrochloride

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Probiotics Forte

### 1,5 BILLION ACTIVE CELLS 4 STRAINS OF BACTERIA + FIBER + VITAMIN C

**Vegan capsules** contain a combination of four strains of bacteria that can supplement the intestinal microflora. In addition, they contain fibre from chicory – inulin and vitamin C which positively affects the body's natural defenses, contributes to the reduction of tiredness and fatigue and normal functioning of the nervous system.

**Quantity: 30 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
4 strains of probiotic bacteria: Lactobacillus acidophilus Lactobacillus plantarum Lactobacillus rhamnosus Bacillus coagulans	1,5 billion
vitamin C	80 mg (100 %)
inulin	100 mg

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
42300402

● **Capsule ingredients:** mixture of probiotic strains (maltodextrin, Bacillus coagulans, Lactobacillus acidophilus, Lactobacillus plantarum, Lactobacillus rhamnosus), inulin – fibre from chicory, L-ascorbic acid, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO B-complex Forte

### 8 VITAMINS OF B-GROUP + VITAMIN C

**Vegan capsules** contain a combination of **B-group** vitamins, each of which significantly participates in the proper functioning of the human organism. B-group vitamins have an effect on the activity of key enzymes which are involved in the process of metabolism and thus help with the proper functioning of the vital energy metabolism.

The active ingredients contribute to:

- reduction of fatigue and exhaustion
- keep the body in a natural harmony
- normal formation of red blood cells
- normal functioning of the immune system

Quantity: **60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
vitamin B1	2,2 mg (200 %)
vitamin B2	2,8 mg (200 %)
niacin	32 mg (200 %)
pantothenic acid	12 mg (200 %)
vitamin B6	2,8 mg (200 %)
vitamin B12	5 µg (200 %)
folic acid	400 µg (200 %)
biotin	100 µg (200 %)
vitamin C	120 mg (150 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
**42300403**

● **Capsule ingredients:** L-ascorbic acid, anti-caking agent – magnesium stearate, filling agent – sorbitol, nicotinamide, calcium D-pantothenate, cyanocobalamin, pyridoxine hydrochloride, riboflavin, thiamine mononitrate, pteroyl monoglutamic acid, D-biotin

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Vitamin C 500 mg

### WITH PROLONGED RELEASE + SEA BUCKTHORN

**Vegan capsules** contain **500 mg of vitamin C** in the granules form and sea buckthorn. The advantage of the product is gradual release of vitamin C into the body, which leads to its more efficient use in the organism.

The active ingredients contribute to:

- normal functioning of the immune system
- protectin against oxidative stress
- reduction of tiredness and fatigue
- normal functioning of the cardiovascular system

Quantity: **60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
vitamin C	500 mg (625 %)
sea buckthorn extract ( <i>Hippophae Rhamnoides</i> )	50 mg

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
**42300404**

● **Capsule ingredients:** L-ascorbic acid, sea buckthorn fruit extract, anti-caking agent – microcrystalline cellulose, shellac

● **Capsule shell ingredients:** hydroxypropyl methylcellulose

## Vitar® ECO Detox Strong Dose

### MILK THISTLE EXTRACT

**Vegan capsules** contain **milk thistle**, an important antioxidant which supports digestion and normal liver functioning.

**The active ingredients contribute to:**

- liver protection and detoxification
- maintain normal blood sugar level
- normal energetic metabolism

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
milk thistle extract ( <i>Silybum marianum</i> ) (extract 30:1 corresponds with 9 g of milk thistle seeds) silymarin 80 %	227 mg 75 mg (20 %)
biotin	12,5 µg (25 %)
vitamin B1	0,275 mg (25 %)
vitamin B2	0,35 mg (25 %)
vitamin B6	0,35 mg (25 %)
vitamin B12	0,625 µg (25 %)
nicotinamide	4 mg (25 %)
pantothenic acid	1,5 mg (25 %)
folic acid	50 µg (25 %)
vitamin C	20 mg (25 %)
vitamin E	3 mg (25 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
**42300405**

● **Capsule ingredients:** milk thistle seed extract, vitamin premix (see active ingredients), anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Ginkgo Biloba Forte

### + GINSENG + DMAE + VITAMIN B6

**Vegan capsules** contain a combination of substances that favorably affect the activity of the brain, support memory, concentration and your body's vitality. A high dose of standardised Ginkgo biloba extract has a positive effect on peripheral blood circulation and supports eye, ear, and brain function.

**DMAE** is present in small amounts in the brain. It can be beneficial for those facing high work and study demands.

**Vitamin B6** helps reduce tiredness and fatigue and supports, normal mental activity, including concentration, learning, memory, and cognitive function.

**Quantity:** 60 cellulose capsules

Active ingredients	in 1 capsule and % RI*
ginkgo biloba extract (24 % of flavones, 6 % lactones)	500 mg (625 %)
ginseng extract ( <i>Panax ginseng</i> )	50 mg
DMAE	20 mg
vitamin B6	1,4 mg (100 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
42300407

● **Capsule ingredients:** ginseng root extract, ginkgo biloba leaf extract, DMAE (dimethylaminoethanol), anti-caking agent – magnesium stearate, pyridoxine hydrochloride

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Betacarotene

### NATURALLY BOUND BETA-CAROTENE + POT MARIGOLD + CARROT + GREEN TEA

**Vegan capsules** contain a strong dose of naturally bound beta-carotene in **carrot extract** and other carotenoids – zeaxanthin and lutein, contained in **pot marigold extract**.

**Beta-carotene** is a natural source of vitamin A. It helps give the skin its natural tan when exposed to the sun.

**Green tea** and **selenium** are also beneficial for maintaining healthy skin.

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
carrot extract ( <i>Daucus carota</i> ) 10 % beta-carotene is the equivalent of vitamin A	60 mg 6 mg 1 000 µg (125 %)
pot marigold extract ( <i>Calendula officinalis</i> ) 10 % of lutein 2 % of zeaxanthin	50 mg 5,0 mg 1,0 mg
green tea extract ( <i>Camelia sinensis</i> ) 50 % of polyphenol	100 mg 50 mg
selenium	27,5 µg (50 %)
biotin	25 µg (50 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
42300408

● **Capsule ingredients:** green tea leaf extract, carrot root extract, pot marigold flower extract, chicory fibre – inulin, anti-caking agent – magnesium stearate, sodium selenite, D-biotin

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Vitamin D3 1 000 IU

### + BETAGLUCAN + Se + Zn

**Vitamin D3** is very important for the human body. It positively affects a number of physiological processes in the human body. It contributes to the proper function of the immune system and muscles and is important for the absorption and utilization of calcium. It helps maintain proper mineralisation of bones and teeth.

**Selenium** is an important antioxidant that protects cells from oxidative stress, supports the body's defences and contributes to proper thyroid function.

**Zinc** supports the proper function of the immune system and helps maintain healthy bones, hair, nails, skin and eyes.

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
vitamin D3	1 000 IU / 25 µg (500 %)
oatmeal beta (1,3/1,4)-D-glucan	100 mg
selenium	27,5 µg (50 %)
zinc	5 mg (50 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

Article no.:  
42300409

● **Capsule ingredients:** oat beta (1,3/1,4)-D-glucan, chicory fibre – inulin, anti-caking agent – magnesium stearate, zinc citrate, cholecalciferol, sodium selenite

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

## Vitar® ECO Oyster Mushroom

### + SEA BUCKTHORN + ECHINACEA

**Vegan capsules** with a high content of natural oyster mushroom extract, which corresponds to 10 500 mg of the fruiting bodies of oyster mushrooms in 1 capsule. Oyster mushrooms are valued especially for their high content of polysaccharides, including beta-glucans. It is suitably supplemented with extracts of sea buckthorn and echinacea.

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
oyster mushroom extract ( <i>Pleurotus ostreatus</i> ) (extract ratio 30:1 – corresponds to 10,5 g of oyster mushroom) polysaccharides 30 % – 105 mg	350 mg
sea buckthorn extract ( <i>Hippophae Rhamnoides</i> ) (extract ratio 20:1 – corresponds to 2,4 g of sea buckthorn fruits) flavonoids 10 % – 12 mg	120 mg
echinacea extract ( <i>Echinacea purpurea</i> ) (extract ratio 4:1 – corresponds to 480 mg of echinacea) polyphenols 4 % – 4,8 mg	120 mg
vitamin C	40 mg (50 %)

\*reference intake

Currently available only for Central, Western and Northern European countries

● **Capsule ingredients:** oyster mushroom fruiting body extract, sea buckthorn fruit extract, echinacea herb extract, anti-caking agent – magnesium stearate, L-ascorbic acid

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, zinc oxide

Article no.:  
**42300413**

## Vitar® ECO Turmeric + Milk Thistle + Fibre

### FOR DIGESTIVE SUPPORT

**Vegan capsules** with a high content of turmeric rhizome extract and milk thistle seed extract. Both of these plants are beneficial for liver health and thus for overall digestion. Keeping the liver in a healthy condition is essential for health and good quality of life. The liver is a key organ involved in the detoxification of the body and in the metabolism of carbohydrates, fats and proteins.

**Turmeric** acts as an antioxidant and supports the proper functioning of the liver and the functioning of the cardiovascular system. It has a positive effect on the nervous system and the function of the respiratory system, and it is beneficial for the health of bones and joints.

**Milk thistle** supports proper digestion, detoxification of the body and its natural immunity. It contributes to maintain normal blood sugar level and supports the proper heart functioning.

**Quantity: 60 cellulose capsules**

Active ingredients	in 1 capsule
turmeric extract ( <i>Curcuma longa</i> ) (extract 50:1) (curcuminoids 95 %)	200 mg 190 mg
milk thistle extract ( <i>Silybum marianum</i> ) (extract 30:1 corresponds to 3 g of seeds) (silymarin 80 %)	100 mg 80 mg
inulin - fibre from chicory	50 mg

*Currently available only for Central, Western and Northern European countries*

● **Capsule ingredients:** turmeric rhizome extract, milk thistle seed extract, inulin - fibre from chicory, anti-caking agent - magnesium stearate

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, zinc oxide

Article no.:  
**42300415**

Vitar®

## Rehydration Active + Probiotics

### HYDRATION OF THE ORGANISM HARMONY OF INTESTINAL MICROFLORA

During excessive sun exposure, increased physical exertion, sports or changes in eating habits while travelling, the amount of fluid in the body may decrease. In this case, it is advisable to ensure a sufficient supply of liquids in the form of a drink with a balanced mineral content.

**Vitar Rehydration Active**, a powdery mixture packaged in practical disposable sachets, is for the preparation of a hypotonic drink containing ions, glucose and 2 probiotic strains LactoSpore®. This strain, thanks to its thermostability and resistance to acidic environments, passes through the digestive tract to the intestines where it can enrich the intestinal microflora.

**Quantity: 10 sachets**

Molar composition of the drink	in 1 sachet / in 150 ml of drink	in 1 l of drink of
sodium (Na <sup>+</sup> )	9 mmol	59,4 mmol
potassium (K <sup>+</sup> )	3 mmol	20 mmol
chlorides (Cl <sup>-</sup> )	6,6 mmol	44 mmol
citrates	3 mmol	20 mmol
glucose	12,6 mmol	83,9 mmol

● **Ingredients in 1 sachet:** glucose 2,3 g, acid – citric acid, acidity regulator – sodium bicarbonate, filling agent – maltodextrin, potassium chloride, sodium chloride, anti-caking agent – silicon dioxide, 500 million CFU *Bacillus coagulans* LactoSpore® MTCC 5856, anti-caking agent – talc.

Article no.:

Vitar®

## Rehydration Active + Probiotics

### HYDRATION OF THE ORGANISM HARMONY OF INTESTINAL MICROFLORA

Excessive water loss from the body can be caused by digestive problems, increased physical activity or excessive exposure to the sun. In this case, it is advisable to ensure a sufficient supply of liquids in the form of a drink with a balanced mineral content.

**Vitar Rehydration Active** in effervescent form is for the preparation of a hypotonic drink with content of minerals, glucose and probiotics LactoSpore®.

**Quantity: 20 effervescent tablets**

Molar composition of the drink	in 150 ml of drink	in 1 litre of the drink
sodium (Na <sup>+</sup> )	9 mmol	60 mmol
potassium (K <sup>+</sup> )	3 mmol	20 mmol
chlorides (Cl <sup>-</sup> )	6,6 mmol	44 mmol
citrates	3 mmol	20 mmol
glucose	12,8 mmol	85 mmol

\* colony forming unit

● **Ingredients in 1 tablet:** 2,3 g glucose, acid – citric acid, acidity regulator – sodium bicarbonate, potassium chloride, sodium chloride, anti-caking agent – polyethylene glycol, 500 million CFU\* *Bacillus coagulans* – LactoSpore® MTCC 5856, anti-caking agent – talc.

Article no.:  
41201001

## Vitar® Probiotics

### FOR THE HARMONY OF DIGESTIVE MICROFLORA AND IMMUNITY SUPPORT

#### Orange flavour

**Vitar Probiotics** contains a combination of 4 probiotic strains that can enrich the intestinal microflora. These include the **LactoSpore® strain** – *Bacillus coagulans*, characterized by its resistance to high temperatures and acidic environment. Another important ingredient is the soluble **prebiotic fibre GOFOS™** fructo-oligosaccharides, which is beneficial for the intestinal microflora.

Probiotics are enriched with a high dose of **vitamin D**, which is very important for the functioning of the human body. It supports the immune system and has a positive effect on healthy bones and teeth and proper muscle function. **Vitamin C** participates in reducing the level of fatigue and exhaustion and contributes to the proper functioning of the nervous system, which controls the activity of all organs in the body.

Quantity: 16 stick packs

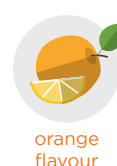

Active ingredients	in 1 stick pack and % RI*
4 probiotic strains: LactoSpore® – <i>Bacillus coagulans</i> <i>Lactobacillus acidophilus</i> <i>Lactobacillus plantarum</i> <i>Lactobacillus rhamnosus</i>	2 billions
vitamin C	40 mg (50 %)
vitamin D3	25 µg / 1000 IU (500 %)
GOFOS™ fructo-oligosaccharides	60 mg

\*reference intake

● **Ingredients:** filling agent – maltodextrin, mixture of probiotic strains (maltodextrin, LactoSpore® *Bacillus coagulans* MTCC 5856, *Lactobacillus acidophilus*, *Lactobacillus plantarum*, *Lactobacillus rhamnosus*), fibre – GOFOS™ fructo-oligosaccharides, L-ascorbic acid, natural aroma, cholecalciferol, acid – citric acid, anti-caking agents – magnesium stearate, talc, silicon dioxide, sweeteners – sucralose, citrose (neohesperidin DC)

Article no.:  
43200407

## Vitar® Calm sleep

### CALM YOUR BODY AND MIND

**Vitar® Calm sleep** contains traditional herbs to help induce harmony of the body, important not only for falling asleep but also for quality of sleep. They bring mental relaxation even in case of nervous tension. They are non-addictive.

**Lemon balm** has calming effects, has a positive effect on mental health and helps induce relaxation, healthy sleep and peace of mind. **Valerian** helps with stress, promotes mental health and relaxation during stress. **Hops** supports the proper functioning of the nervous system. Thanks to its ability to relax the body overall, it also helps you fall asleep easier.

**Lavender** supports good sleep, relaxation and mental well-being. It contributes to normal digestion.

Quantity: 20 stick packs

Active ingredients	in 1 stick pack
Extract of lemon balm ( <i>Melissa officinalis</i> )	100 mg
Valerian extract ( <i>Valeriana officinalis</i> )	100 mg
Lavender extract ( <i>Lavandula angustifolia</i> )	50 mg
Hops extract ( <i>Humulus lupulus</i> )	50 mg

\*reference intake

● **Ingredients:** sweetener – sorbitol, lemon balm plant extract, valerian root extract, lavender flower extract, hop cone extract, anti-caking agent – magnesium stearate, acid – citric acid, natural flavouring, anti-caking agent – talc, natural flavouring, sweeteners – sucralose, citrose (neohesperidin DC).

Article no.:  
43200409

## Vitar® Magnesium 400 mg + Vitamin B6 + Vitamin C

### Mango flavour

- practical single-use stick pack that doesn't require drinking
- simple use and fast onset of action

### Active ingredients (magnesium + vitamin B6 + vitamin C) contribute to:

- reduction of tiredness and fatigue
- normal functioning of muscles and the nervous system
- maintenance of the normal condition of bones and teeth

Quantity: 20 stick packs

Active ingredients	in 1 stick pack and % RI*
magnesium (magnesium oxide, magnesium lactate)	400 mg (106,7 %)
vitamin C	80 mg (100 %)
vitamin B6	1,4 mg (100 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, magnesium oxide, magnesium lactate, L-ascorbic acid, acid – citric acid, aroma, anti-caking agent – talc, pyridoxine hydrochloride, sweeteners – sucralose, citrose (neohesperidin DC)

## Vitar® Betaglucan 150 mg + Vitamin C

### FOR IMMUNITY SUPPORT

#### Sea buckthorn and orange flavour

**Oyster mushroom** is rich in polysaccharides (1,3/1,6- betaglucans) and is used in traditional Chinese medicine

**Sea buckthorn** extract supports the immune system and the body's natural defences

**Vitamin C** contributes to the proper functioning of the immune system.

**Quantity: 20 stick packs**

Active ingredients	in 1 stick pack and % RI*
oyster mushroom extract ( <i>Pleurotus ostreatus</i> ) (1,3 / 1,6 – betaglucans 45 %)	334 mg (150 mg)
sea buckthorn extract ( <i>Hippophae rhamnoides</i> )	100 mg
vitamin C (L-ascorbic acid)	80 mg (100 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, oyster mushroom fruiting body extract (1,3 / 1,6 – betaglucans 45 %), sea buckthorn fruit extract, L-ascorbic acid, anti-caking agent – magnesium stearate, acid – citric acid, aroma, anti-caking agent – talc, orange powder 0,25 %, sweetener – sucralose.

## Maxi Vita® Herbal Herbal Elixir – Linden Blossom Mullein

- positive effect on the upper respiratory tract
- positively contributes to resistance against viruses and bacteria
- support during runny nose, cough and colds
- calms throat irritation, can help reduce hoarseness and a sore throat

**Quantity: 260 g / 200 ml**

Active ingredients	in 10 ml (one table spoon) and % RI*
linden extract (extract 10:1 – corresponds to 1 g of herb)	100 mg
mullein extract (extract 10:1 – corresponds to 0,5 g of herb)	50 mg
vitamin C	40 mg (50 %)

\*reference intake

● **Ingredients:** sucrose, water, linden blossom extract, L-ascorbic acid, mullein blossom extract, preservative - potassium sorbate

Article no.:  
**43800001**

## Maxi Vita® Herbal Herbal Elixir – Immunity Boost

- natural extracts: lungwort / echinacea / vitamins
- contributes to increased immunity against viruses and bacteria, supports immunity, useful during bronchitis and to help clear out mucus
- calms down the irritated mucosa of the respiratory system and irritation from cough
- enriched with vitamins C, E and B-group vitamins

**Quantity: 260 g / 200 ml**

Active ingredients	in 10 ml (one table spoon) and % RI*
lungwort extract (extract 10:1 – corresponds to 1 g of herb)	100 mg
echinacea extract (extract 4:1 – corresponds to 0,24 g of herb)	60 mg
vitamin C	60 mg (75 %)
biotin	12,5 µg (25 %)
vitamin E	3 mg (25 %)
vitamin B1	0,275 mg (25 %)
vitamin B2	0,35 mg (25 %)
vitamin B6	0,35 mg (25 %)
vitamin B12	0,625 µg (25 %)
nicotinamide	4 mg (25 %)
pantothenic acid	1,5 mg (25 %)
folic acid	50 µg (25 %)

\*reference intake

● **Ingredients:** sucrose, water, lungwort extract, echinacea extract, vitamin premix, preservative – potassium sorbate

Article no.:  
**43800002**

## Maxi Vita® Herbal Herbal Elixir – Bronchial

- natural extracts: plantain / wild thyme / echinacea / vitamin C
- reduces colds, has a positive effect on the respiratory tract and helps with recovery, protects the mucosa, reduces its irritation and simplifies the clearing of mucus
- the syrup is suitable during the inflammation of the upper respiratory tract, viruses, cough and colds
- the herbs are moreover enriched with vitamin C, which has a positive effect on the immune system and thus the body's overall immunity

**Quantity:** 260 g / 200 ml

Active ingredients	in 10 ml (one table spoon) and % RI*
plantain extract (extract 10:1 – corresponds to 1 g of herb)	100 mg
wild thyme extract (extract 10:1 – corresponds to 1 g of herb)	100 mg
echinacea extract (extract 4:1 – corresponds to 0,24 g of herb)	60 mg
vitamin C	40 mg (50 %)

\*reference intake

● **Ingredients:** sucrose, water, plantain extract, wild thyme extract, echinacea extract, L-ascorbic acid, preservative – potassium sorbate

Article no.:  
**43800003**

## Maxi Vita® Herbal Herbal Elixir – Canadian Cranberries

- natural extracts: cranberry / echinacea / vitamin C
- for children from 3 years
- the extracts positively affect the urinary system and positively contribute to an increase of resistance against viruses and bacteria
- the syrup is suitable for use during the cold and flu season
- the herbs are also enriched with vitamin C which positively affects the immune system and thus the body's overall immunity

**Quantity:** 260 g / 200 ml

Active ingredients	in 10 ml (one table spoon) and % RI*
cranberries fruits extract (extract 10:1 – corresponds to 1,5 g of cranberries)	150 mg
echinacea extract (extract 4:1 – corresponds to 200 mg of herb)	50 mg
vitamin C	40 mg (50 %)

\*reference intake

● **Ingredients:** sucrose, water, cranberry fruit extract, echinacea extract, L-ascorbic acid, preservative – potassium sorbate

Article no.:  
**43800005**

## Maxi Vita® Herbal Herbal Elixir – Good Night

- the natural extracts:  
lemon balm / wild thyme / St. John's wort / valerian / vitamin C
- supports good quality of sleep
- natural extracts have calming effects, support the mental tranquillity during stress and induce harmony before falling asleep
- the herbs are also enriched with vitamin C which positively affects the immune system and thus the body's overall immunity

**Quantity: 260 g / 200 ml**

Active ingredients	in 10 ml (one table spoon) and % RI*
lemon balm extract (extract 5:1 – corresponds to 250 mg of herb)	50 mg
wild thyme extract (extract 10:1 – corresponds to 500 mg of herb)	50 mg
St. John's wort extract (extract 6:1 – corresponds to 300 mg of herb)	50 mg
valerian extract (extract 4:1 corresponds to 200 mg of herb)	50 mg
vitamin C	40 mg (50 %)

*\*reference intake*

● **Ingredients:** sucrose, water, melissa extract, wild thyme extract, St. John's wort extract, valerian extract, L-ascorbic acid, preservative – potassium sorbate

Article no:  
**43800006**

## Maxi Vita® Herbal Herbal Elixir – Sea Buckthorn + Vitamin C

- for children from 3 years
- sea buckthorn supports the immune system and the natural immunity of the organism, it contributes to the normal condition of the skin and to the normal functioning of the cardiovascular system
- vitamin C is also very important for the normal functioning of the immune system, it moreover contributes to the reduction of tiredness and fatigue and helps protect the organism against oxidative stress

**Quantity: 260 g / 200 ml**

Active ingredients	in 10 ml (one table spoon) and % RI*
sea buckthorn extract (Hippophae rhamnoides)	80 mg
10 % flavonoids	8 mg
vitamin C	160 mg (200 %)

*\*reference intake*

● **Ingredients:** sucrose, water, L-ascorbic acid, sea buckthorn fruit extract, preservative – potassium sorbate, colour – beta-carotene

Article no:  
**43800008**

## Maxi Vita® Herbal Herbal Elixir – Healthy Eyes

- natural extracts from blueberries, eyebright and pot marigold
- regular intake can have a positive effect on the eyes
- blueberry extract has strong antioxidative effects and is very beneficial for the normal condition of sight
- enriched with significant antioxidants vitamins C and E

Quantity: 260 g / 200 ml

Active ingredients	in 10 ml (one table spoon) and % RI*
pot marigold extract ( <i>Calendula officinalis</i> )	100 mg
10 % lutein	10 mg
2 % zeaxanthin	2 mg
eyebright extract ( <i>Euphrasia officinalis</i> )	25 mg
blueberry extract ( <i>Vaccinium myrtillus</i> )	30 mg
vitamin C	40 mg (50 %)
vitamin E	12 mg (100 %)

\*reference intake

● **Ingredients:** sucrose, water, pot marigold flower extract, L-ascorbic acid, DL-alpha-tocopheryl acetate, blueberry fruit extract, eyebright extract, preservative – potassium sorbate

Article no:  
43800009

## Maxi Vita® Herbal Herbal Elixir – Plantain + Vitamin C

### STRONG DOSE OF PLANTAIN EXTRACT

Extract from plantain leaf (*Plantago lanceolata*) which is traditionally used to calm and support the normal functioning of the upper respiratory tract. Plantain has positive effect on the respiratory and immune system and acts as an antioxidant.

Quantity: 260 g / 200 ml

Active ingredients	in 10 ml (one table spoon) and % RI*
plantain extract ( <i>Plantago lanceolata</i> ) (extract 10:1 – corresponds to 3,2 g of herb)	320 mg
vitamin C	80 mg (100 %)

\*reference intake

● **Ingredients:** sucrose, water, plantain herb extract (*Plantago lanceolata*), L-ascorbic acid, preservative – potassium sorbate

Article no:  
43800011

## Maxi Vita® Exclusive Rehydration

### EFFERVESCENT TABLETS FOR HYDRATION OF THE ORGANISM

Hypotonic drink with content of mineral substances and glucose suitable for use in case of excessive fluid loss - during increased physical activity, digestive problems when traveling or during excessive exposure to the sun.

Article no.:  
**41300112**

**Quantity: 20 effervescent tablets**

Molar composition of the drink	in 150 ml / in 1 litre of the drink
sodium (Na <sup>+</sup> )	9 / 60 mmol
potassium (K <sup>+</sup> )	3 / 20 mmol
chlorides (Cl <sup>-</sup> )	6,6 / 44 mmol
citrate	3 / 20 mmol
glucose	12,8 / 85 mmol

*\*reference intake*

● **Ingredients:** glucose, acid – citric acid, sodium bicarbonate, potassium chloride, anti-caking agents – polyethylene glycol, talc.

## Maxi Vita® Exclusive Water removal

### EFFERVESCENT TABLETS WITH EXTRACTS FROM ELDERFLOWER, NETTLE, BIRCH AND GREEN TEA

**Green tea and lemon flavour**

Contains extracts from nettle, elderflower and green tea, which help remove excessive water from the body, zinc and vitamin B6.

**Quantity: 20 effervescent tablets**

Active ingredients	in 1 tablet – in 200 ml of the drink and % RI*
elderflower flower extract ( <i>Sambucus nigra</i> )	50 mg
nettle extract ( <i>Urtica dioica</i> )	50 mg
birch extract ( <i>Betula pendula</i> )	50 mg
green tea extract ( <i>Camelia sinensis</i> )	50 mg
vitamin B6 (pyridoxine hydrochloride)	1,4 mg (100 %)
zinc (zinc citrate)	10 mg (100 %)

*\*reference intake*

● **Ingredients:** sweetener – sorbitol, acid – citric acid, acidity regulator – sodium bicarbonate, anti-caking agents – polyethylene glycol, talc, aroma, nettle leaf extract, elderflower flower extract, birch leaf extract, green tea leaf extract, natural aroma, colour – riboflavin, zinc citrate, lemon powder 0,5 %, sweeteners – sucralose, citrose (neohesperidin DC), pyridoxine hydrochloride

## Maxi Vita® Herbal Flatulence + Anise + Mint

### FOR FLATULENCE OR THE FEELING OF FULLNESS

- powder mixture containing 80 mg of simethicone along with anise and mint
- suitable supplement for relieving excessive flatulence, burping, abdominal pressure, or intestinal rumbling
- fast onset of action
- convenient to use - no need to drink it with water
- anise contributes to the normal functioning of the intestines
- mint supports normal digestion, relief of flatulence and contributes to the normal functioning of the intestines and the digestive system

**Quantity:** 20 stick packs

Active ingredients	in 1 stick pack
simethicone	80 mg
anise extract ( <i>Pimpinella anisum</i> )	5 mg
mint extract ( <i>Mentha haplocalyx</i> )	5 mg

● **Ingredients:** sweetener – sorbitol, simethicone, anti-caking agent – talc, acid – citric acid, natural aroma, anise seed extract, mint leaf extract

Article no.:  
43200310

## Maxi Vita® Energy Power

**Mixed fruit flavour / Tastes like an energy drink**

- convenient to use - no need to drink it with water
- contains natural extracts from ginseng and guarana, which have a positive effect on physical and mental vitality
- reduces the feeling of tiredness and fatigue and boosts the immune system

**Quantity:** 16 stick packs

Active ingredients	in 1 stick pack and % RI*
taurine	20 mg
glucuronolactone	20 mg
ginseng extract ( <i>Panax ginseng</i> )	20 mg
guarana extract ( <i>Paulinia cupana</i> ) (caffeine 10 %)	20 mg (2 mg)
biotin	25 µg (50 %)
vitamin B1	0,55 mg (50 %)
vitamin B2	0,7 mg (50 %)
vitamin B6	0,7 mg (50 %)
vitamin B12	1,25 µg (50 %)
nicotinamide	8 mg (50 %)
pantothenic acid	3 mg (50 %)
folic acid	100 µg (50 %)
vitamin C	40 mg (50 %)
vitamin E	6 mg (50 %)
magnesium	75 mg (20 %)

\*reference intake

Article no.:  
43200309

mixed fruit  
flavour

● **Ingredients:** sweetener – sorbitol, magnesium oxide, vitamin premix (see the active ingredients), taurine, glucuronolactone, ginseng root extract, guarana seed extract, acid – citric acid, anti-caking agent – talc, aroma, sweetener – sucralose

## Maxi Vita® Premium Probiotics + Prebiotic Fibre

### FOR HARMONY OF THE INTESTINAL MICROFLORA AND IMMUNITY SUPPORT

#### Orange flavour

Powder mixture in disposable stick packs, allowing for highly convenient use without needing to drink it with water, contains a combination of 4 probiotic strains that can enrich the intestinal microflora. These include the **LactoSpore®** – *Bacillus coagulans*, a strain that is characterised by resistance to high temperatures and an acidic environment. Another important ingredient is the soluble **prebiotic fibre GOFOS™** – fructo-oligosaccharides which is beneficial for the intestinal microflora.

**Probiotics** are enriched with vitamin C, which benefits the functioning of the entire organism. It is an important antioxidant that supports the metabolism of energy and the proper functioning of immune and nervous system, which controls the activity of all organs in the body.

**Quantity: 16 stick packs**

Active ingredients	in 1 stick pack and % RI*
4 probiotic strains: <i>LactoSpore®</i> – <i>Bacillus coagulans</i> <i>Lactobacillus acidophilus</i> <i>Lactobacillus plantarum</i> <i>Lactobacillus rhamnosus</i>	1,5 billions
vitamin C	40 mg (50 %)
GOFOS™ fructo-oligosaccharides	60 mg

\*reference intake

Article no.:  
**43200311**

● **Ingredients:** filling agent – maltodextrin, mixture of probiotic strains (maltodextrin, LactoSpore® – *Bacillus coagulans* MTCC 5856, *Lactobacillus acidophilus*, *Lactobacillus plantarum*, *Lactobacillus rhamnosus*), fibre – GOFOS™ fructo-oligosaccharides, L-ascorbic acid, natural aroma, acid – citric acid, anti-caking agents – magnesium stearate, talc, silicon dioxide, sweeteners – sucralose, citrose (neohesperidin DC)

## Maxi Vita® Premium Magnesium + Amino Acids

### FOR PHYSICAL CONDITION

#### Raspberry and cherry flavour

**Maxi Vita Premium Magnesium + Amino Acids** contains magnesium and essential amino acids, including BCAAs (branched-chain amino acids), which the body cannot create produce on its own and must be obtained through food or food supplements.

**Amino acids** are organic substances that serve as the basic building blocks of body proteins and are important for the functioning of the whole organism.

**Magnesium** part of proper protein synthesis and cell division and has a positive effect on physical and mental health. It aids in the proper functioning of muscles, transmission of nerve impulses and energy creation.

It contributes to reduced tiredness and fatigue.

**Quantity: 20 stick packs**

Active ingredients	in 1 stick pack and % RI*	in 2 stick packs and % RI*
magnesium	187,5 mg (50 %)	375 mg (100 %)
L-glutamine	70 mg	140 mg
L-valine	60 mg	120 mg
L-leucine	60 mg	120 mg
L-isoleucine	60 mg	120 mg
L-lysine	60 mg	120 mg
L-threonine	60 mg	120 mg
L-phenylalanine	40 mg	80 mg
L-methionine	20 mg	40 mg
L-tryptophan	20 mg	40 mg

\*reference intake

Article no.:  
**43200312**

raspberry and cherry  
flavour

● **Ingredients:** sweetener – sorbitol, magnesium oxide, L-glutamine, L-valine, L-leucine, L-isoleucine, L-lysine, L-threonine, L-phenylalanine, L-methionine, L-tryptophan, acid – citric acid, anti-caking agents – magnesium stearate, talc, natural aromas, sweeteners – sucralose, citrose (neohesperidin DC)

## Maxi Vita® Beauty Body Balance

### NATURAL MULTIMINERAL COMPLEX WITH A HIGH ABSORPTION ABILITY

The active ingredients contribute to:

- maintenance of the balanced ion ratio in the human body
- normal functioning of digestive enzymes in the digestive tract
- the maintenance of mental wellbeing
- normal functioning of the nervous system and to the normal energy metabolism

Aquamin F is a purely natural multimineral complex with a high absorption ability, coming from mineralised seaweed *Lithothamnium* species. Apart from naturally bound calcium and magnesium, it contains other 72 important trace minerals. Aquamin comes from the clear waters of the North Atlantic seabed.

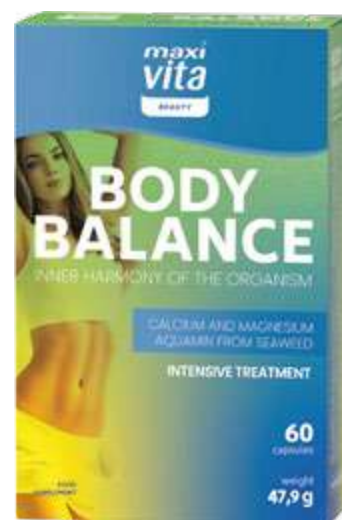

Quantity: **60 cellulose capsules**

Active ingredients	in 1 capsule and % RI*
Aquamin F	500 mg
calcium carbonate	
calcium	160 mg (20 %)
Aquamin Mg TG	173 mg
magnesium hydroxide	
magnesium	57 mg (15 %)

\*reference intake

● **Capsule ingredients:** Aquamin F (calcium carbonate), Aquamin Mg TG (magnesium hydroxide), anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

Article no.:  
**42300092**

## Maxi Vita® Beauty Marine Collagen

### DEEP NUTRITION FOR YOUR SKIN

The active ingredients contribute to:

- slowing down the aging process
- correct functioning of blood vessels, cartilages and bones
- maintenance of beautiful and healthy skin, hair and nails

The capsules contain a high dose of bioactive marine collagen COLLAGEN HM, which is unique for its high biological absorption ability. It supplies the body with the necessary peptides and amino acids important for collagen production (synthesis).

Quantity: **60 capsules**

Active ingredients	in 1 capsule and % RI*
<b>fish collagen</b> COLLAGEN HM	400 mg
hyaluronic acid Nutrihyl®	20 mg
vitamin C	80 mg (100 %)

\*reference intake

● **Capsule ingredients:** fish collagen COLLAGEN HM (amino acids: glycine, proline, glutamic acid, alanine, arginine, serine), L-ascorbic acid, hyaluronic acid Nutrihyl®, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, colour – zinc oxide

Article no.:  
**42300093**

## Maxi Vita® Beauty Hyaluronic Acid 100 mg + Coenzyme Q10

### FOR BEAUTIFUL AND GLOWING SKIN

The capsules contain a high dose of **hyaluronic acid**, which is a natural part of the human body, especially connective tissues, joint fluid, skin and complexion. It is known for its ability to bind water, contributing to natural hydration.

**Coenzyme Q10** is an important substance involved in the production of energy in all body cells. Its natural production decreases with age, frequent stress or increased physical activity. It is therefore advisable to enrich the normal diet with coenzyme Q10.

For healthy glowing skin and hair, **biotin** and **zinc** are beneficial substances that contribute to the proper metabolism of macronutrients. These are important for proper nutrition and functioning of the whole body.

**Selenium** and **zinc** support the immune system and are important antioxidants contributing to the protection of cells from oxidative stress and thus from aging.

**Quantity: 60 cellulose capsules**

Article no.:  
**42300097**

Active ingredients	in 1 capsule and % RI*
hyaluronic acid	100 mg
coenzyme Q10	30 mg
biotin	200 µg (400 %)
selenium	27,5 µg (50 %)
zinc	5 mg (50 %)

\*reference intake

● **Capsule ingredients:** sodium hyaluronate, inulin – chicory fiber, anti-caking agent – magnesium stearate, coenzyme Q10, zinc citrate, sodium selenite, D-biotin

● **Capsule shell ingredients:** hydroxypropyl methylcellulose, zinc oxide

## Maxi Vita® Exclusive Hyaluronic Acid 100 mg + Coenzyme Q10

### FOR A YOUTHFUL AND FRESH LOOK

The capsules contain a high dose of **hyaluronic acid**, which is a natural part of the human organism. It is contained in connective tissues, joints and skin, where its ability to bind water contributes to natural hydration.

**Coenzyme Q10** is an important substance that participates in the production of energy in all body cells. Its natural production decreases with increasing age, frequent stress or high physical activity. It is therefore advisable to enrich the regular diet with coenzyme Q10.

To maintain healthy skin and beautiful hair, **biotin** and **vitamin C** are beneficial substances important for the functioning of the entire organism. They act as an antioxidant, help to protect cells from oxidative stress and thus from aging. They support immunity and the proper formation of collagen, which is important for the structure of healthy skin, blood vessels, bones and cartilage.

**Biotin** is involved in the proper metabolism of nutrients and in the process of energy conversion in cells.

**Quantity: 60 capsules**

Article no.:  
**42300062**

Active ingredients	in 1 capsule and % RI*
hyaluronic acid	100 mg
coenzyme Q10	30 mg
biotin (D-biotin)	200 µg (400 %)
vitamin C (L-ascorbic acid)	80 mg (100 %)

\*reference intake

● **Capsule ingredients:** sodium hyaluronate, inulin – fibre from chicory, L-ascorbic acid, anti-caking agent – magnesium stearate, coenzyme Q10, D-biotin

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Exclusive Erector

### FOR BETTER QUALITY ERECTION AND ENHANCED SEXUAL PERFORMANCE IN MEN

- contains a combination of substances that have a positive effect on physiological needs of a man's body
- tribulus terrestris (goat's head) acts as a sexual stimulant
- ginseng contributes to the maintenance of mental and physical performance
- ginkgo biloba extract is important mainly for the thought processes (memory, concentration and attention)
- in traditional Chinese medicine, schisandra is an important adaptogen with a strong stimulative effect

**Quantity: 15 capsules**

Active ingredients	in 1 capsule
L-arginine	500 mg
L-citrulline	60 mg
schisandra extract	40 mg
tribulus terrestris extract (goat's head)	50 mg
eleutherococcus extract (Siberian ginseng)	50 mg
ginkgo biloba extract	15 mg

Article no.:  
**42300060**

● **Capsule ingredients:** L-arginine, L-citrulline, eleutherococcus root extract, tribulus terrestris seed extract, schisandra fruit extract, anti-caking agent – magnesium stearate, ginkgo biloba leaf extract

● **Capsule shell ingredients:** bovine gelatine, colour – zinc oxide

## Maxi Vita® Exclusive Collagen Forte+

Capsules with collagen, Boswellia serrata extract and vitamin C

200 µg of native type II collagen in a daily dose

- this product offers a combination of active ingredients, each of which can significantly contribute to the musculoskeletal system
- collagen is the fundamental building block of all connective tissues; it is important not only for the musculoskeletal system, but also for the appearance and quality of the skin
- type I collagen is found in the human body in higher amounts; it participates in the structure of tendons, ligaments, bones and skin
- type II collagen is mainly found in joint cartilages, where it provides firmness and resistance; it is present in the product in its natural form, which is very favourable for the human organism
- vitamin C is essential for the production of collagen and thus for the structure of cartilages, ligaments, tendons, skin, bones, gums, teeth and blood vessels
- Boswellia serrata extract helps keep joints in a good condition

**Quantity: 60 capsules**

Active ingredients	in 1 capsule and % RI*
native type II collagen	200 µg
type I collagen	20 mg
collagen peptides	100 mg
Boswellia serrata extract (90 % boswellic acids)	25 mg (22,5 mg)
vitamin C	40 mg (50 %)

\*reference intake

Article no.:  
**42300064**

● **Capsule ingredients:** collagen peptides, filling agent – sorbitol, L-ascorbic acid, Boswellia serrata resin extract, anti-caking agent – magnesium stearate, hydrolysed type I collagen, native type II collagen

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Exclusive Lutein Forte+

### FOR HEALTHY EYES

Capsules with plant extracts, vitamins and zinc  
Lutein 20 mg

- contains natural extracts from blueberries and pot marigold, which is the source of carotenoids lutein and zeaxanthin
- regular intake can have a positive effect on the eyes
- blueberry extract has strong antioxidative effects and is very beneficial for normal sight
- enriched with significant antioxidants vitamins C and E and zinc, which contributes to the maintenance of normal sight and normal cognitive functions

**Quantity:** 45 capsules

Active ingredients	in 1 capsule and % RI*
pot marigold extract ( <i>Calendula officinalis</i> )	200 mg
10 % of lutein	20 mg
2 % of zeaxanthin	4 mg
blueberry extract ( <i>Vaccinium myrtillus</i> )	30 mg
beta-carotene	2,4 mg
vitamin C	40 mg (50 %)
vitamin E	12 mg (100 %)
zinc	10 mg (100 %)

\*reference intake

Article no:  
**42300065**

● **Capsule ingredients:** pot marigold flower extract, L-ascorbic acid, anti-caking agent – magnesium stearate, DL-alpha-tocopheryl acetate, zinc citrate, blueberry extract, beta-carotene 10 %

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Exclusive Immunity Boost Forte+

### FOR YOUR IMMUNITY

Mouth dissolving tablets – with nucleotides, vitamin C and plant extracts

**Cranberry flavour**

- sea buckthorn extract supports the immune system and the natural immunity of the organism
- it contributes to the normal condition of the skin and to the normal functioning of the cardiovascular system
- vitamin C is also very important for the normal functioning of the immune system
- it moreover contributes to the reduction of tiredness and fatigue and helps protect the organism against oxidative stress
- enriched with nucleotides, which are the building blocks of nucleotic acids, which are found in the cells of all living organisms and play a decisive role in many biological processes
- nucleotides are part of many important enzymes, which are necessary for nutritional and energy metabolism

**Quantity:** 45 tablets

Active ingredients	in 1 tablet and % RI*
vitamin C	80 mg (100 %)
mixture of nucleotides (5'-AMP; 5'-CMP; 5'-UMP.2Na; 5'-GMP.2Na)	15 mg
sea buckthorn extract	50 mg

\*reference intake

Article no:  
**42300066**

cranberry flavour

● **Ingredients:** sweetener – sorbitol, L-ascorbic acid, sea buckthorn fruit extract, mixture of nucleotides, aroma, anti-caking agents – magnesium stearate, polyethylene glycol, talc, sweeteners – sucralose, citrose (neohesperidin DC)

## Maxi Vita® Exclusive Calcium, Magnesium, Zinc + Vitamins B6, D3 and K1 Forte+

### FOR YOUR BONES AND TEETH

Tablets with mineral substances and vitamins

- contain active ingredients which contribute to the maintenance of the normal condition of bones and teeth during adolescence, during recovery after injuries with fractures, to people endangered with osteoporosis also to people with a higher physical activity
- calcium, magnesium and zinc contribute to the maintenance of the normal condition of bones and teeth, to the reduction of tiredness and fatigue, and to normal functioning of the immune system
- vitamins B6, D3 and K1 contribute to normal calcium absorption, normal calcium level in the blood and the normal functioning of muscles

**Quantity: 60 tablets**

Active ingredients	in 1 tablet and % RI*
calcium	400 mg (50 %)
magnesium	187,5 mg (50 %)
zinc	5 mg (50 %)
vitamin B6	0,7 mg (50 %)
vitamin D3	2,5 µg (50 %)
vitamin K1	37,5 µg (50 %)

\*reference intake

● **Ingredients:** calcium carbonate, magnesium oxide, filling agent – sorbitol, zinc citrate, anti-caking agents – polyethylene glycol, magnesium stearate, microcrystalline cellulose, cholecalciferol, pyridoxine hydrochloride, phylloquinone

Article no.:  
**42300067**

## Maxi Vita® Exclusive Magnesium Forte+

### FOR YOUR MUSCLES

Tablets with magnesium and vitamins

- contain magnesium and vitamin B6, which contribute to the reduction of tiredness and fatigue, normal functioning of muscles and the nervous system
- enriched with folic acid and vitamin B12, which are necessary for the creation of red blood cells and red blood colouring – haemoglobin
- vitamin C is also very important for the normal functioning of the immune system

**Quantity: 60 tablets**

Active ingredients	in 1 tablet and % RI*
magnesium	250 mg (66,7 %)
vitamin B6	1,4 mg (100 %)
vitamin B12	2,5 µg (100 %)
folic acid	200 µg (100 %)
vitamin C	80 mg (100 %)

\*reference intake

● **Ingredients:** magnesium oxide, filling agent – sorbitol, L-ascorbic acid, anti-caking agents – polyethylene glycol, magnesium stearate, talc, cyanocobalamin, pyridoxine hydrochloride, folic acid

Article no.:  
**42300068**

## Maxi Vita® Exclusive Beautiful Hair, Nails and Skin Forte+

### IN-DEPTH TREATMENT FOR BEAUTIFUL HAIR, NAILS AND SKIN

- **amino acids** are the fundamental building blocks for the creation of protein (keratin), which forms the structure of hair and nails
- **biotin** contributes to the maintenance of healthy hair and skin
- **horsetail extract** supports the mineralisation of hair and nails and is a natural source of silicon
- **copper** contributes to the maintenance of a natural hair colour
- **zinc** and **aloe vera extract** help contribute to improved appearance and structure of hair, nails and skin
- **vitamin B6** participates in the creation of the amino acid L-cysteine
- **vitamin C** is a significant antioxidant, important not only for the immune system but also for the creation of collagen, which is the substance necessary for the structure of the skin and blood vessels
- **brewer's yeast** contains a complex spectrum of B-vitamins

Quantity: **45 capsules**

Active ingredients	in 1 capsule and % RI*
L-methionine	100 mg
L-cysteine	50 mg
biotin	200 µg (400 %)
vitamin B1	1,1 mg (100 %)
vitamin B6	1,4 mg (100 %)
pantothenic acid	6 mg (100 %)
folic acid	200 µg (100 %)
vitamin C	80 mg (100 %)
copper	1,5 mg (150 %)
zinc	10 mg (100 %)
4-aminobenzoic acid (PABA)	40 mg
hyaluronic acid	5 mg
brewer's yeast	50 mg
aloe vera extract	20 mg
horsetail extract (7 % of silicon)	100 mg (7 mg)

\*reference intake

Article no.:  
**42300069**

● **Capsule ingredients:** L-methionine, horsetail extract, anti-caking agent - magnesium stearate, L-ascorbic acid, L-cysteine, brewer's yeast, 4-aminobenzoic acid, zinc citrate, anti-caking agent - carboxymethyl cellulose sodium salt, aloe vera leaf extract, copper gluconate, calcium pantothenate, hyaluronic acid, pyridoxine hydrochloride, thiamin mononitrate, folic acid, biotin

● **Capsule shell ingredients:** bovine gelatine, colour - zinc oxide

## Maxi Vita® Exclusive Sea Buckthorn with Vitamin C Forte+

### IMMUNE BOOST

**Maxi Vita Exclusive Sea Buckthorn Forte+** contains high ratio of natural extract from sea buckthorn fruits, which corresponds to 4 000 mg of fruit in 1 capsule. Sea buckthorn supports the immune system and the natural immunity of the organism, it contributes to the normal condition of the skin and to the normal functioning of the cardiovascular system. In traditional medicine, it is valued for its high amount of vitamins C, E and carotenoids.

**Quantity: 60 capsules**

Active ingredients	in 1 capsule and % RI*
sea buckthorn extract ( <i>Hippophae Rhamnoides</i> ) (extract ratio 20:1 – corresponds to 4 g of sea buckthorn fruits) flavonoids 10 %	200 mg  20 mg
vitamin C	80 mg (100 %)

\*reference intake

Article no.:  
**42300070**

- **Capsule ingredients:** sea buckthorn fruit extract, L-ascorbic acid, anti-caking agent – magnesium stearate
- **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Exclusive Omega 3 Forte+

### FOR YOUR HEART, BRAIN AND EYES

**Omega 3 unsaturated fatty acids EPA and DHA** are part of many life processes in the human organism. They are important for the cardiovascular system, mainly for the correct functioning of the heart. They positively affect the eyes and participate in the functioning of the brain.

**Omega 3 fatty acids** are also important for pregnant and breastfeeding women – for proper development of the brain and sight of the foetus as well as the nursing infant. Since our body cannot produce these substances on its own, they must be obtained through food or food supplements.

**DHA contributes to:**

- maintaining the normal functioning of the brain and eyesight<sup>1</sup>

**DHA intake by pregnant and breastfeeding women contributes to:**

- correct development of the brain and eyes of the foetus and nursing infant<sup>2</sup>

**EPA and DHA contribute to:**

- normal functioning of the heart<sup>3</sup>

<sup>1</sup>a daily intake of at least 250 mg DHA (3 capsules daily) will result in a positive effect

<sup>2</sup>a daily intake of at least 200 mg DHA (2 capsules daily) will result in a positive effect

<sup>3</sup>a daily intake of at least 250 mg EPA and DHA (1 capsule daily) will result in a positive effect

**Quantity: 90 capsules**

Active ingredients	in 2 capsules and % RI*	in 3 capsules and % RI*
<b>fish oil</b> contains omega 3 unsaturated fatty acids:	2000 mg	3000 mg
EPA	360 mg	540 mg
DHA	240 mg	360 mg
vitamin E	10 mg (83,3 %)	15 mg (125 %)

\*reference intake

Article no.:  
**42300071**

- **Capsule ingredients:** fish oil, D-alpha-tocopherol
- **Capsule shell ingredients:** bovine gelatine, glycerol, purified water

## Maxi Vita® Exclusive Beta-carotene with Aloe Vera Forte+

### FOR A BEAUTIFUL SUNTAN

- contains carrot extract, which is a significant source of natural beta-carotene
- it is enriched with other important substances, vitamin E and selenium
- beta-carotene is a provitamin of vitamin A, an important antioxidant which maintains a normal condition of the skin and is also necessary for the normal functioning of sight and the immune system
- vitamin E and selenium contribute to the protection of cells against oxidative stress

Quantity: **60 tablets**

Active ingredients	in 1 tablet and % RI*
carrot extract ( <i>Daucus carota</i> ) beta-carotene 10 %	60 mg 6 mg
aloe vera extract ( <i>Aloe Barbadensis Miller</i> )	10 mg
vitamin E	12 mg (100 %)
biotin	50 µg (100 %)
selenium	55 µg (100 %)

\*reference intake

Article no.:  
**42300072**

● **Ingredients:** filling agent – sorbitol, carrot root extract, DL-alpha-tocopheryl acetate, sodium selenite, aloe vera leaf extract, anti-caking agents – magnesium stearate, polyethylene glycol, biotin

## Maxi Vita® Exclusive Water Removal Forte+

### NATURAL MULTIMINERAL COMPLEX WITH A HIGH ABSORPTION ABILITY

- normal functioning of kidneys and removal of excessive fluids from the organism
- boosts the immune system and contributes to the vitality and energy metabolism
- normal digestion, detoxification and level of cholesterol in the blood
- reduction of tiredness and fatigue

Quantity: **60 capsules**

Active ingredients	in 1 capsule and % RI*
Canadian cranberries extract ( <i>Vaccinium macrocarpon</i> ) (is equivalent to 1 g of cranberries)	100 mg
nettle extract ( <i>Urtica dioica</i> )	100 mg
parsley seed extract ( <i>Fructus petroselinii</i> )	100 mg
birch extract ( <i>Betula pendula</i> )	100 mg
folic acid	200 µg (100 %)
biotin	50 µg (100 %)
zinc	10 mg (100 %)

\*reference intake

Article no.:  
**42300090**

● **Capsule ingredients:** Canadian cranberry fruit extract, nettle leaf extract, parsley seed extract, birch leaf extract, zinc citrate, anti-caking agent – magnesium stearate, folic acid, biotin

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Exclusive Vitamin C with Rose Hip Forte+

### FOR YOUR IMMUNITY

The active ingredients contribute to:

- normal functioning of the immune system
- reduction of tiredness and fatigue
- normal functioning of the respiratory tract

**Vitamin C** and **rose hip** are significant antioxidants that play an important role in various biological processes. It is crucial for collagen creation and it plays an important role in the functioning of the immune system.

**Quantity: 60 capsules**

Active ingredients	in 1 capsule and % RI*
vitamin C	800 mg (1000 %)
rose hip extract ( <i>Rosa canina</i> )	20 mg

\*reference intake

● **Capsule ingredients:** L-ascorbic acid, rose hip fruit extract, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, colour – zinc oxide

Article no.:  
**42300073**

## Maxi Vita® Exclusive Vitamin K2 and D3 Forte+

### FOR BETTER ABSORPTION OF CALCIUM

**Maxi Vita Exclusive Vitamin K2 and D3 Forte+** contains a combination of a high dose of vitamins D3 and K2, which are important for the proper incorporation of calcium into the bone mass and thus to maintain strong bones.

**Vitamin K2** favourably affects the blood clotting process and is important for maintaining strong bones. It participates in the efficient incorporation of calcium into the bone mass. The body can produce it to a small extent by itself. However, it is not sufficiently represented in the regular food, and therefore it is advisable to supply it to the body. The contained vitamin K2 is in the bioactive form of menaquinone MK-7, which is very well absorbed by the human body.

The effect of vitamin K2 is complemented by **vitamin D3**, which is involved not only in the proper functioning of the immune system and muscles, but also in maintaining the correct level of calcium in the blood and its absorption. It also contributes to the correct use of phosphorus.

**Maxi Vita Exclusive Vitamin K2 and D3 Forte+** tablets are intended for all age categories, for children in adolescence, adults, women in menopause and people suffering from loss of bone mass.

**Quantity: 60 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin D3 (cholecalciferol)	1 000 IU / 25 µg (500 %)
vitamin K2 (menaquinone MK-7)	80 µg (106,6 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, menaquinone MK-7, cholecalciferol, natural aroma, anti-caking agent – magnesium stearate

Article no.:  
**42300075**

orange  
flavour

## Maxi Vita® Vitamin C + Zinc

### STRENGTHENS THE IMMUNE SYSTEM

#### Orange flavour

- stimulates the immune system during viral and bacterial infections
- improves the immune system functioning
- significant antioxidative effects
- for keeping good health
- normal bone health
- normal condition of hair, nails and skin

Quantity: **30 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin C	100 mg (125 %)
zinc	15 mg (150 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, L-ascorbic acid, zinc citrate, anti-caking agent – magnesium stearate, colour – beta-carotene 1 %, natural aroma, sweeteners – aspartame and acesulfame K

Article no.:  
**42300003**

orange  
flavour

## Maxi Vita® Calcium, Magnesium, Zinc + Vitamins D3 and K1

### FOR HEALTHY BONES AND TEETH

- for proper growth and strong, healthy bones
- suitable during illness and recovery
- helps with the healing of fractures
- positive effect on blood pressure and blood clotting
- for the immune system support
- essential for the nervous and muscle system
- magnesium helps prevent cramps
- reduction of tiredness and fatigue

Quantity: **30 tablets**

Active ingredients	in 1 tablet and % RI*
calcium	200 mg (25 %)
magnesium	75 mg (20 %)
zinc	3,75 mg (37,5 %)
vitamin D3	5 µg (100 %)
vitamin K1	45 µg (60 %)

\*reference intake

● **Ingredients:** calcium carbonate, filling agent – sorbitol, magnesium oxide, anti-caking agent – magnesium stearate, zinc citrate, anti-caking agents – polyethylene glycol, talc, cholecalciferol, phylloquinone

Article no.:  
**42300004**

## Maxi Vita® Beta-carotene

### FOR BEAUTIFUL SKIN

**Beta-carotene** (provitamin of vitamin A) belongs to the group of antioxidants and has a positive effect on the skin. It provides the effective protection against harmful UV radiation, which is one of the sources of free radical creation. This gives the skin a naturally beautiful suntan and provides a desirable bronze tone to it.

- helps protect the skin against harmful effects of solar radiation
- significantly reduces the possibility of the skin turning red
- contributes to skin regeneration
- supports healthy pigmentation and the skin turning brown
- suitable for staying in the sun or in the tanning salon
- eye protection against UV radiation
- beautiful long-lasting suntan

**Quantity: 30 tablets**

Active ingredients	in 1 tablet
beta-carotene is an equivalent to vitamin A	6 mg 1000 µg (125 %)

● **Ingredients:** filling agent – sorbitol, beta-carotene,  
anti-caking agents – magnesium stearate, polyethylene glycol

Article no.:  
**42300005**

## Maxi Vita® Omega 3 – fish oil

### FOR YOUR HEART, BRAIN AND EYESIGHT

**Active ingredients (EPA, DHA) contribute to:**

- normal brain function\*
- normal condition of sight\*
- normal heart function\*\*

\*a daily intake of 250 mg of DHA will result in a positive effect

\*\*a daily intake of 250 mg of EPA and DHA will result in a positive effect

**Quantity: 30 capsules**

Active ingredients	in 1 capsule
<b>fish oil</b> contains omega 3 unsaturated fatty acids:	500 mg
EPA 18 %	90 mg
DHA 12 %	60 mg

● **Capsule ingredients:** fish oil, DL-alpha-tocopheryl acetate

● **Capsule shell ingredients:** bovine gelatine, glycerol, purified water

Article no.:  
**42300007**

**Maxi Vita®****Chromium + Garcinia Cambogia****HELPS WITH WEIGHT REDUCTION**

- contributes to the normal metabolism of macronutrients (proteins, carbohydrates and fats)
- contributes to the normal glucose level in the blood
- garcinia cambogia is a substance that can be used during weight reduction

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
chromium	30 µg (75 %)
garcinia cambogia extract (60 % HCA)	40 mg

\*reference intake

● **Ingredients:** sweetener – sorbitol, garcinia cambogia fruits skin extract, anti-caking agents – magnesium stearate, talc, chromium picolinate

Article no.:  
**42300009****Maxi Vita®****Magnesium + B6****RELEASES MUSCLE TENSION**

- helps prevent cramps
- contributes to the maintenance of healthy bones and teeth
- essential for the nervous and muscle system
- helps during stress
- suitable for physical and mental relaxation
- suitable for sportsmen

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
magnesium	250 mg (66,7 %)
vitamin B6	1,4 mg (100 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, magnesium oxide, anti-caking agents – polyethylene glycol, magnesium stearate, talc, pyridoxine hydrochloride, colour – plant carbon

Article no.:  
**42300013**

Maxi Vita®

**Coenzyme Q10 30 mg + Vitamin C****ENERGY FOR YOUR ORGANISM**

**Coenzyme Q10** is necessary for our organism. This is a significant substance essential for the creation of energy in all body cells. With increasing age, during high physical activity and during illness, the amount of coenzyme Q10 in cells decreases, which becomes evident through lower energy creation and tiredness. If we do not have enough coenzyme Q10, the energy balance in the organism is damaged and the cells stop functioning correctly.

**Vitamin C contributes to:**

- normal energy metabolism
- reduction of fatigue and tiredness
- normal functioning of the immune system
- normal functioning of the nervous system

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
coenzyme Q10	30 mg
vitamin C	80 mg (100 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, L-ascorbic acid, coenzyme Q10, anti-caking agents – magnesium stearate, polyethylene glycol

Article no:  
**42300014**

Maxi Vita®

**Iron + Folic Acid****FOR BLOOD FORMATION SUPPORT**

**Iron** is an important mineral substance which, like **folic acid**, is essential for the creation of red blood cells and red blood colouring – haemoglobin, which provides the oxygenation of the organism and thus its immunity and efficiency. The **vitamin B12** and **C** also play a very important role in iron absorption and also contribute to the normal functioning of the immune system.

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin C	80 mg (100 %)
iron	14 mg (100 %)
folic acid	200 µg (100 %)
vitamin B12	2,5 µg (100 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, L-ascorbic acid, ferrous fumarate, anti-caking agents – magnesium stearate, talc, polyethylene glycol, cyanocobalamin, folic acid

Article no:  
**42300015**

**Maxi Vita®****B-complex Forte + Vitamin C****TABLETS WITH B-GROUP VITAMINS AND VITAMIN C****Vitamins B2, B3, B5 and B12 contribute to:**

- normal energy metabolism
- reduction of tiredness and fatigue
- normal functioning of the nervous system

**Vitamin B6 contributes to:**

- normal creation of red blood cells
- normal functioning of the immune system and the regulation of hormonal activity

**Biotin contributes to:**

- normal functioning of the psychological activities
- normal hair and skin condition
- normal metabolism of macronutrients (sugars, fats, proteins)

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin B1	2,2 mg (200 %)
vitamin B2	2,8 mg (200 %)
vitamin B3	32 mg (200 %)
vitamin B5	12 mg (200 %)
vitamin B6	2,8 mg (200 %)
vitamin B12	5 µg (200 %)
folic acid	400 µg (200 %)
biotin	100 µg (200 %)
vitamin C	120 mg (150 %)

\*reference intake

Article no.:  
**42300016**

- **Ingredients:** filling agent – sorbitol, L-ascorbic acid, nicotinamide, D-calcium pantothenate, anti-caking agent – polyethylene glycol, cyanocobalamin, anti-caking agents – talc, magnesium stearate, pyridoxine hydrochloride, riboflavin, thiamin mononitrate, pteroylmonoglutamic acid, D-biotin

**Maxi Vita®****Selenium + Zinc****STRENGTHENS THE IMMUNE SYSTEM**

**Selenium** and **vitamin E** are necessary for the vitality of the organism. They contribute to the protection of cells against oxidative stress, which arises when there is an imbalance between the production of free radicals and their deactivating with the help of antioxidants. Vitamin E and selenium help remove free radicals, protect cells against damage and consequently against ageing.

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
selenium	55 µg (100 %)
zinc	10 mg (100 %)
vitamin C	80 mg (100 %)
vitamin E	12 mg (100 %)

\*reference intake

Article no.:  
**42300022**

- **Ingredients:** filling agent – sorbitol, L-ascorbic acid, DL-alpha-tocopheryl acetate, zinc citrate, sodium selenite, anti-caking agents – magnesium stearate, polyethylene glycol, talc

## Maxi Vita® Vitamin D3 1000 IU

### FOR YOUR BONES, TEETH AND IMMUNITY

Orange flavour

Vitamin D3 contributes to:

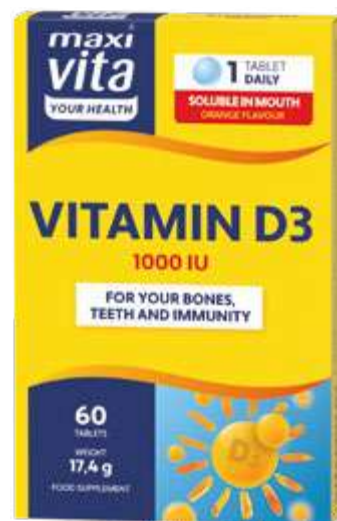

- normal functioning of the immune system
- normal growth and development of children's bones
- maintenance of the normal functioning of muscles
- maintenance of the normal consequently against ageing. of bones and teeth
- normal absorption of calcium and phosphorus

Quantity: **60 tablets**

Active ingredients	in 1 tablet and % RI*
vitamin D3	1000 IU / 25 µg (500 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, cholecalciferol, natural aroma, L-ascorbic acid, anti-caking agents – magnesium stearate, talc

Article no.:  
**42300074**

orange  
flavour

## Maxi Vita® Vitamin D3 800 IU

### FOR YOUR BONES, TEETH AND IMMUNITY

Getting a daily dose of **vitamin D** is not always easy. We gain this vitamin through sunshine, and that is why it is called the "sunshine" vitamin. We can feel the lack of vitamin D mostly during winter months. Vitamin D is vital for the human organism, it is mainly important for the absorption and use of calcium in the organism, and it participates in bones and teeth mineralisation. Vitamin D is suitable not only for children during their growth process, but also for athletes, older people and women during menopause.

Quantity: **90 tablets**

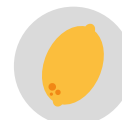

Active ingredients	in 1 tablet and % RI*
vitamin D3	800 IU / 20 µg (400 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, cholecalciferol, L-ascorbic acid, natural aroma, anti-caking agents – magnesium stearate, polyethylene glycol, talc

Article no.:  
**42300094**

lemon  
flavour

## Maxi Vita® Zinc 15 mg Organic form

### IMMUNE SYSTEM SUPPORT

**Maxi Vita® Zinc 15 mg** contains organically bound zinc, which is more easily absorbed by the human body. Zinc is an essential trace element present in every cell. Its presence in the human body is important to ensure normal metabolic function. It significantly supports the body's natural defences. It has a beneficial effect on the health of the skin, hair, nails and eyes. It is involved in the proper synthesis of DNA and in the process of cell division, which takes place to an increased extent during pregnancy. It contributes to the maintenance of proper testosterone levels. The need for zinc increases in pregnant and lactating women, with prolonged physical exertion, with an unbalanced diet, in old age, with weight loss, with increased alcohol consumption, and is appreciated by all who suffer from a deficiency.

#### Zinc contributes to:

- normal function of the immune system
- normal eyesight
- normal bone condition
- normal condition of hair, nails and skin
- normal metabolism of macronutrients, normal acid-base metabolism

**Quantity: 60 tablets**

Active ingredients	in 1 tablet and % RI*
zinc	15 mg (150 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, zinc citrate, anti-caking agents – polyethylene glycol, talc, magnesium stearate

Article no.:  
**42300095**

## Maxi Vita® Multivitamin

### COMPLEX PROTECTION OF THE ORGANISM

- 10 essential vitamins
- contains significant antioxidants
- for an immunity boost
- we recommend to use this product mainly in the winter and before spring
- recommended to the so called risk groups – women using hormonal contraception, adolescents, older people, smokers, alcohol consumers, sportsmen, people with higher physical activity or those on a diet

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
biotin	50 µg (100 %)
vitamin B1	1,1 mg (100 %)
vitamin B2	1,4 mg (100 %)
vitamin B6	1,4 mg (100 %)
vitamin B12	2,5 µg (100 %)
nicotinamide	16 mg (100 %)
pantothenic acid	6 mg (100 %)
folic acid	200 µg (100 %)
vitamin C	80 mg (100 %)
vitamin E	12 mg (100 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, vitamin premix (see the active ingredients), anti-caking agents – magnesium stearate, polyethylene glycol

Article no.:  
**42521005**

## Maxi Vita® Premium Healthy Hair, Nails and Skin

### FOR HEALTHY GROWTH OF HAIR, STRONG NAILS AND BEAUTIFUL SKIN

- complex composition for beautiful appearance
- supports healthy growth of hair
- prevention of early hair loss and premature greying
- for strong and shiny nails
- positive effect on skin quality

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
biotin	50 µg (100 %)
vitamin B1	1,1 mg (100 %)
vitamin B2	1,4 mg (100 %)
vitamin B6	1,4 mg (100 %)
vitamin B12	2,5 µg (100 %)
nicotinamide	16 mg (100 %)
pantothenic acid	6 mg (100 %)
folic acid	200 µg (100 %)
vitamin C	80 mg (100 %)
vitamin E	12 mg (100 %)
zinc	10 mg (100 %)
horsetail extract (silicium)	100 mg (7 mg)
beta-carotene	2 mg

\*reference intake

Article no.:  
**42300011**

- **Ingredients:** filling agent – sorbitol, vitamin premix (see the active ingredients), horsetail extract, zinc citrate, beta-carotene, anti-caking agents – magnesium stearate, talc

## Maxi Vita® Premium Probiotics with fibre and vitamin C

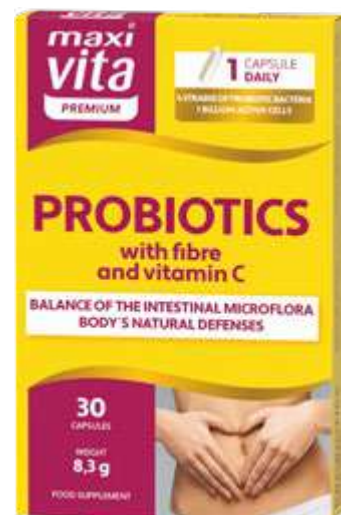

### BALANCE OF THE INTESTINAL MICROFLORA

The capsules contain a combination of four strains of probiotic bacteria that can supplement the intestinal microflora. In addition, they contain fiber from chicory – inulin and vitamin C, which positively affects the body's natural defenses.

**Quantity: 30 capsules**

Active ingredients	in 1 capsule and % RI*
4 strains of probiotic bacteria: Lactobacillus acidophilus Lactobacillus plantarum Lactobacillus rhamnosus Bacillus coagulans	1 billion
vitamin C	12 mg (15 %)
inulin	100 mg

\*reference intake

Article no.:  
**42300024**

- **Capsule ingredients:** inulin - chicory fiber, mixture of probiotic strains (maltodextrin, Bacillus coagulans MTCC 5856, Lactobacillus acidophilus LMG 8151, Lactobacillus plantarum LMG 26655, Lactobacillus rhamnosus LMG 25626), anti-caking agent - magnesium stearate, L-ascorbic acid

- **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Premium Healthy Eyes

### FOR TIRED EYES

- purely natural extracts
- strong antioxidative effects
- protects the retina and lens against UV radiation
- strengthening effect on eye-vessels
- improves sight at dusk and darkness, increases the sharpness of sight
- prevents eye tiredness
- positive effect on the retina recovery

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
pot marigold extract	40 mg
10 % of lutein	4 mg
2 % of zeaxanthin	0,8 mg
blueberry extract	30 mg
vitamin C	80 mg (100 %)
vitamin B2	1,4 mg (100 %)
vitamin E	3 mg (25 %)
zinc	5 mg (50 %)

\*reference intake

Article no.:  
**42300051**

● **Ingredients:** filling agent – sorbitol, L-ascorbic acid, pot marigold flower extract, blueberry fruit extract, zinc citrate, DL-alpha-tocopheryl acetate, anti-caking agents – polyethylene glycol, talc, magnesium stearate, riboflavin

## Maxi Vita® Premium Slim Figure

### CONTRIBUTES TO BODY WEIGHT REDUCTION

- contains natural extracts from garcinia cambogia, citrus aurantium and green tea
- active substances in garcinia cambogia extract (hydroxycitric acid) and citrus aurantium extract with synephrine are, according to available information, substances (thermoregulators), which are possible to use during weight reduction
- green tea extract is known as an important antioxidant

**Quantity: 30 tablets**

Active ingredients	in 1 tablet and % RI*
garcinia cambogia extract	120 mg
green tea extract	70 mg
citrus aurantium extract	12 mg
chromium	40 µg (100 %)
vitamin C	40 mg (50 %)

\*reference intake

Article no.:  
**42300052**

● **Ingredients:** filling agent – sorbitol, garcinia cambogia fruit skin extract, green tea leaf extract, L-ascorbic acid, anti-caking agents – magnesium stearate, talc, polyethylene glycol, citrus aurantium fruit extract, chromium picolinate

## Maxi Vita® Premium Joint Nutrition

### HELPS REDUCE JOINT PAIN

- the ability of the organism to create glucosamine sulphate decreases with age and therefore it is very suitable to add it to the organism
- normal production of collagen important for blood vessels, cartilages and bones
- the normal condition of bones and teeth
- normal muscle function
- maintaining normal blood calcium levels

Quantity: **30 capsules**

Active ingredients	in 1 capsule and % RI*
glucosamine sulphate 2KCl	500 mg
chondroitin sulphate	100 mg
collagen	20 mg
vitamin C	20 mg (25 %)
vitamin D3	5 µg (100 %)

\*reference intake

● **Capsule ingredients:** glucosamine sulphate 2KCl, anti-caking agent – calcium carbonate, chondroitin sulphate, anti-caking agent – magnesium stearate, L-ascorbic acid, collagen, cholecalciferol

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

Article no.:  
**42300053**

## Maxi Vita® Premium Healthy skin

### FOR PROBLEMATIC SKIN

- complex composition for healthy skin
- contains natural extract from nettle and brewer's yeast
- has a positive effect on the normal condition of the skin and wound healing
- helps regulate hormonal activity
- contributes to the normal condition of sight, hair, nails, skin and bones
- has a positive effect on the normal functioning of kidneys

Quantity: **30 capsules**

Active ingredients	in 1 capsule and % RI*
nettle extract	50 mg
brewer's yeast	75 mg
biotin	50 µg (100 %)
vitamin B1	1,1 mg (100 %)
vitamin B2	1,4 mg (100 %)
vitamin B6	1,4 mg (100 %)
vitamin B12	2,5 µg (100 %)
nicotinamide	16 mg (100 %)
pantothenic acid	6 mg (100 %)
folic acid	200 µg (100 %)
vitamin C	80 mg (100 %)
vitamin E	12 mg (100 %)
zinc	15 mg (150 %)
fibre – inulin	56 mg

\*reference intake

Article no.:  
**42300063**

● **Capsule ingredients:** vitamin premix (see the active ingredients), brewer's yeast, fibre from chicory – inulin, nettle leaf extract, zinc citrate, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** hard gelatine capsule – bovine gelatine

## Maxi Vita® Herbal Oyster Mushroom

### IMMUNITY SUPPORT

**Maxi Vita Herbal Oyster mushroom** contains a high ratio of natural extract, which corresponds to 9 000 mg of oyster mushroom in 1 capsule. Oyster mushroom is an edible mushroom which has been used in traditional Chinese and Japanese medicine for thousands of years. It contains beneficial substances, which have a positive effect on the human organism.

**Quantity: 30 capsules**

Active ingredients	in 1 capsule and % RI*
oyster mushroom extract ( <i>Pleurotus ostreatus</i> ) (extract ratio 30:1 – corresponds to 9 g of oyster mushroom) polysaccharides 30 %	300 mg  90 mg
sea buckthorn extract ( <i>Hippophae Rhamnoides</i> ) (extract ratio 20:1 – corresponds to 2 g of sea buckthorn fruits) flavonoids 10 %	100 mg  10 mg
echinacea extract ( <i>Echinacea purpurea</i> ) (extract ratio 4:1 – corresponds to 400 mg of echinacea) polyphenols 4 %	100 mg  4 mg
vitamin C	40 mg (50 %)

\*reference intake

Article no.:  
**42300023**

● **Capsule ingredients:** oyster mushroom extract, sea buckthorn extract, echinacea extract, L-ascorbic acid, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Herbal Ginkgo Biloba

### SUPPORTS BLOOD CIRCULATION AND BRAIN FUNCTIONING

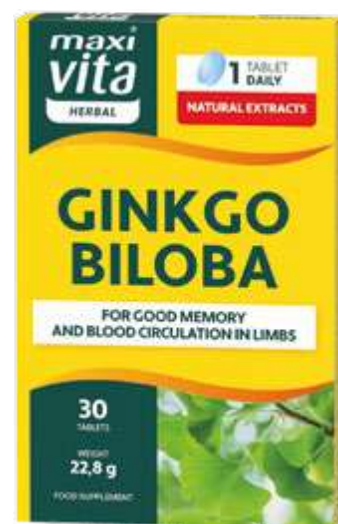

**For better memory and blood circulation in limbs**

- improves blood flow even in marginal parts of the body (brain, limbs) and contributes to the proper functioning of the heart
- improves memory and the ability to concentrate
- significant antioxidative effects
- slows down the aging process
- positively affects mental and physical activities, supports the immune system and vitality of the body

**Quantity: 30 tablets**

Active ingredients	in 1 tablet
ginkgo biloba extract (24 % of flavones, 6 % of lactones)	30 mg
green tea extract (50 % of polyphenols)	10 mg

● **Ingredients:** filling agent – sorbitol, ginkgo biloba leaf extract, anti-caking agents – magnesium stearate, polyethylene glycol, green tea leaf extract

Article no.:  
**42300050**

## Maxi Vita® Herbal Liver Detox

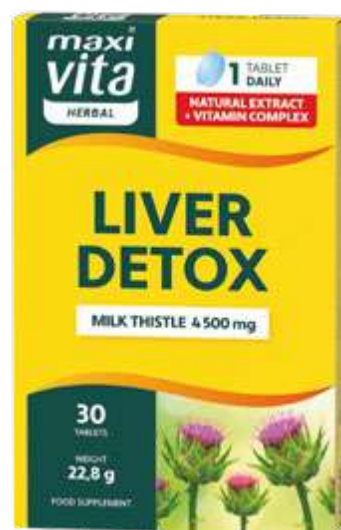

### SUPPORTS DETOXIFICATION OF THE ORGANISM, PROTECTS THE LIVER

- supports natural immunity, helps maintain normal sugar levels and contributes to proper digestion and detoxification of the body
- protects the liver and has a positive effect on their functioning
- suitable after consumption of alcohol, fatty food, during long-term use of medicaments and during recovery

Quantity: **30 tablets**

Active ingredients	in 1 tablet and % RI*
milk thistle extract (extract ratio 30:1 – corresponds to 4 500 mg of milk thistle seeds) silymarin 80 %	150 mg 120 mg
biotin	12,5 µg (25 %)
vitamin B1	0,275 mg (25 %)
vitamin B2	0,35 mg (25 %)
vitamin B6	0,35 mg (25 %)
vitamin B12	0,625 µg (25 %)
nicotinamide	4 mg (25 %)
pantothenic acid	1,5 mg (25 %)
folic acid	50 µg (25 %)
vitamin C	20 mg (25 %)
vitamin E	3 mg (25 %)

\*reference intake

Article no.:  
**42300081**

- **Ingredients:** filling agent – sorbitol, milk thistle seed extract, vitamin premix (see the active ingredients), anti-caking agents – talc, magnesium stearate

## Maxi Vita® Herbal Maxi Cranberries Canadian

### CONTRIBUTES TO THE HEALTHY URINAL SYSTEM

Contains combination of extracts from Canadian cranberries, bearberry and birch tree leaves

- based on natural extracts
- has a positive effect on kidneys, urinary bladder, urethra and prostate
- helps with urgent problems of the urinal tract
- recommended to be used also during flu season, before and during menstruation
- beneficial even during spring detoxifications

Quantity: **30 capsules**

Active ingredients	in 1 capsule
cranberries extract	300 mg
bearberry extract	50 mg
birch extract	10 mg

Article no.:  
**42300082**

- **Capsule ingredients:** cranberry fruit extract, bearberry leaf extract, anti-caking agent – magnesium stearate, birch leaf extract
- **Capsule shell ingredients:** bovine gelatine, zinc oxide

## Maxi Vita® Herbal Turmeric + Milk Thistle

### HEALTHY LIVER AND DETOXIFICATION OF ORGANISM

**Maxi Vita Herbal Turmeric** contains a high dose of turmeric root extract and milk thistle seed extract. Both of these plants are beneficial for liver health and thus for overall digestion. Keeping the liver in a healthy condition is essential for health and good quality of life. The liver is a key organ involved in the detoxification of the body and in the metabolism of carbohydrates, fats and proteins.

**Turmeric** acts as an antioxidant, supports the proper functioning of the liver and the functioning of the cardiovascular system. It has a positive effect on the nervous system, the function of the respiratory system and is beneficial for the health of bones and joints.

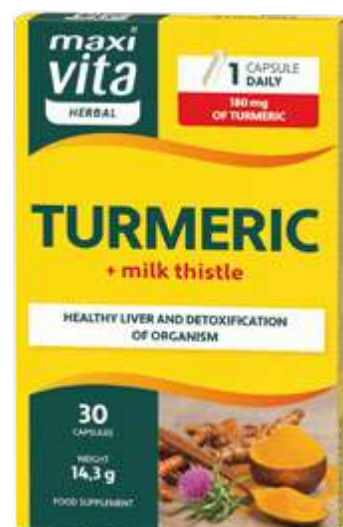

**Milk thistle** supports proper digestion, detoxification of the organism and natural immunity. It contributes to maintain normal blood sugar level and supports the proper heart functioning.

**Quantity: 30 capsules**

Active ingredients	in 1 capsule
turmeric extract ( <i>Curcuma longa</i> ) (extract 50:1 corresponds to 9 g of rhizome) (curcuminoids 95 %)	180 mg 171 mg
milk thistle extract ( <i>Silybum marianum</i> ) (extract 30:1 corresponds to 3 g of seeds) (silymarin 80 %)	100 mg 80 mg
inulin – fibre from chicory	50 mg

● **Capsule ingredients:** turmeric root extract, milk thistle seed extract, inulin – chicory fibre, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

Article no.:  
**42300083**

## Maxi Vita® Herbal Vitamin C + Sea Buckthorn

### FOR A BETTER IMMUNITY OF THE ORGANISM

Contains natural extract from sea buckthorn fruits, which supports the immune system and the natural immunity of the organism. It contributes to the normal condition of the skin and to the normal functioning of the cardiovascular system. In traditional medicines, sea buckthorn is valued for its high amount of vitamins C, E and carotenoids.

**Vitamin C contributes to:**

- normal functioning of the immune system
- reduction of tiredness and fatigue
- protection against oxidative stress
- normal energy metabolism
- normal collagen production for normal skin and gum function

**Quantity: 30 capsules**

Active ingredients	in 1 capsule and % RI*
vitamin C	600 mg (750 %)
sea buckthorn extract	50 mg

\*reference intake

● **Capsule ingredients:** L-ascorbic acid, sea buckthorn fruit extract, anti-caking agent – magnesium stearate

● **Capsule shell ingredients:** bovine gelatine, zinc oxide

Article no.:  
**42300087**

## Maxi Vita® Herbal SeptAngin Honey and lemon

### FOR AN IRRITATION OF THE THROAT AND HEALTHY RESPIRATORY TRACT

- natural extracts: bee's honey, menthol, linden flower extract and lemon
- relieves symptoms of a sore throat
- soothes colds, cough and hoarseness
- strengthens the immune system and positively affects the upper respiratory tract and the oral cavity

**Quantity: 16 lozenges**

Active ingredients	in 1 lozenge
bee's honey	130 mg
menthol	1 mg
dried linden extract	2,1 mg
lemon oil	7 mg

● **Ingredients:** sucrose, glucose syrup, bee's honey, acid – citric acid, lemon oil, dried linden flower extract, natural lime aroma, menthol

Article no.:  
**42240006**

honey and lemon

## Maxi Vita® Herbal SeptAngin Iceland moss

### FOR AN IRRITATION OF THE THROAT AND HEALTHY RESPIRATORY TRACT

- lozenges with extract from iceland moss and other 20 herbs, e.g. from liquorice, camomile, ribwort plantain and lime
- soothes colds, cough and hoarseness
- strengthens the immune system and positively affects the upper respiratory tract and the oral cavity
- for easier coughing and improved clearance of the respiratory tract during rhinitis

**Quantity: 16 lozenges**

Active ingredients	in 1 lozenge
iceland moss extract	10 mg
bee's honey	13 mg
liquorice extract	7,4 mg
ribwort plantain extract	4,5 mg
camomile extract	0,9 mg
small-leaved lime extract	0,5 mg
anise oil	4,5 mg
eucalyptus oil	5,2 mg
vitamin C	6 mg (7,5 %)

● **Ingredients:** sugar, glucose syrup, extract from the mixture of 20 herbs (liquorice (*Glycyrrhiza glabra*) – root, ribwort plantain (*Plantago lanceolata*) – leaf, camomile (*Matricaria recutita*) – flower, small-leaved lime (*Tilia cordata*) – flower, and other), bee's honey, iceland moss extract (*Cetraria islandica*), L-ascorbic acid (vitamin C), eucalyptus oil, anise oil, acid – citric acid, menthol

Article no.:  
**42240007**

liquorice

## Maxi Vita® Herbal Hot Drink – Cranberry

### Cranberry and raspberry flavour

- contains cranberry extract, vitamin C and zinc
- has a positive effect on the urinary tract
- contributes to an increase of resistance against viruses and bacteria
- has a positive effect on the immune system
- contains purely natural aroma
- gluten, lactose and preservative free

Quantity: 10 sachets

Active ingredients	in 1 sachet and % RI*
vitamin C	160 mg (200 %)
cranberry extract ( <i>Vaccinium macrocarpon</i> ) (extract 10:1 – corresponds to 2 g of cranberries)	200 mg
zinc	5 mg (50 %)

\*reference intake

● **Ingredients:** sugar, acid – citric acid, cranberry extract, L-ascorbic acid, natural aroma, colour – betanin, natural aroma, zinc citrate, sweeteners – sucralose, citrose (neohesperidin DC)

Article no.:  
43300101

cranberry and raspberry  
flavour

## Maxi Vita® Herbal Hot Drink – Ginger

### Tea and lemon flavour

- contains 65 mg of ginger extract
- natural extracts from ginger and sea buckthorn are significant antioxidants which have a positive effect on the natural immunity of the organism
- increases the immunity of the organism, mainly during the cold and flu season
- enriched with an increased dose of vitamin C
- pleasant refreshing flavour
- gluten, lactose and preservative free

Quantity: **10 sachets**

Active ingredients	in 1 sachet and % RI*
vitamin C	160 mg (200 %)
ginger extract	65 mg
sea buckthorn extract	20 mg
zinc	5 mg (50 %)

\*reference intake

● **Ingredients:** sugar, acid – citric acid, L-ascorbic acid, natural aroma, ginger root extract, aroma, sea buckthorn fruit extract, zinc citrate, sweeteners – sucralose, citrose (neohesperidin DC), colour – beta carotene

Article no.:  
**43300102**

tea and lemon  
flavour

## Maxi Vita® Herbal Hot Drink – Echinacea

### Blackcurrant flavour

- contains 100 mg of echinacea extract
- positive effect on the natural immunity of the organism
- ability to support the normal functioning of the upper respiratory tract
- enriched with an increased dose of vitamin C
- pleasant refreshing flavour
- gluten, lactose and preservative free

Quantity: **10 sachets**

Active ingredients	in 1 sachet and % RI*
echinacea extract	100 mg
acerola extract (25 % of vitamin C)	25 mg (6,25 mg) (7,8 %)
vitamin C	160 mg (200 %)
zinc	5 mg (50 %)

\*reference intake

● **Ingredients:** sugar, acid – citric acid, aroma, L-ascorbic acid, echinacea herb extract, colour – beetroot concentrate, acerola fruit extract, zinc citrate, sweeteners – sucralose, citrose (neohesperidin DC)

Article no.:  
**43300103**

blackcurrant  
flavour

## Maxi Vita® Exclusive Joint Nourishment

### CARE FOR YOUR JOINTS

Orange flavour

Vitamin C contributes to:

- normal collagen production for the normal functioning of cartilages
- reduction of tiredness and fatigue
- normal functioning of the immune system
- protection against oxidative stress

Quantity: **20 sachets**

Active ingredients	in 1 sachet – in 200 ml of the drink and % RI*
glucosamine sulphate	500 mg
chondroitin sulphate	100 mg
collagen peptides	100 mg
Boswellia serrata extract	50 mg
vitamin C	20 mg (25 %)

\*reference intake

● **Ingredients:** acid – citric acid, acidity regulator – sodium bicarbonate, sweetener – sorbitol, glucosamine sulphate 2KCl, natural aroma, chondroitin sulphate, collagen peptides, Boswellia serrata extract, L-ascorbic acid, natural aroma, sweeteners – sucralose, citrose (neohesperidin DC)

Article no.:

## Maxi Vita® Mineral Mixture for Neutralising Acids in the Organism

Green tea and lemon flavour

Hyperacidity of the organism can lead to various health issues. The body tries to compensate the imbalance in acids and bases with many mechanisms, for example by draining minerals from bones, teeth, hair and nails. It is necessary to replenish the incurred deficit so that there they suffer no long-term damage.

**Maxi Vita mineral mixture for neutralising acids in the organism** contains a balanced ratio of basic organically bound mineral substances. One of them is zinc, which positively affects the metabolism of acids and bases. This product is suitable for use during modification of acid-base balance of the organism, i.e. optimal ratio between acids and alkaline.

Quantity: **20 doses (110 g)**

Active ingredients	in 5,5 g of the mixture (1 heaped teaspoon) and % RI*
calcium	240 mg (30 %)
magnesium	200 mg (53,3 %)
potassium	200 mg (10 %)
zinc	10 mg (100 %)
sodium	200 mg

\*reference intake

## Magnesium + Vitamin C and B6

### HELPS PREVENT MUSCLE CRAMPS, REDUCES TIREDNESS AND FATIGUE

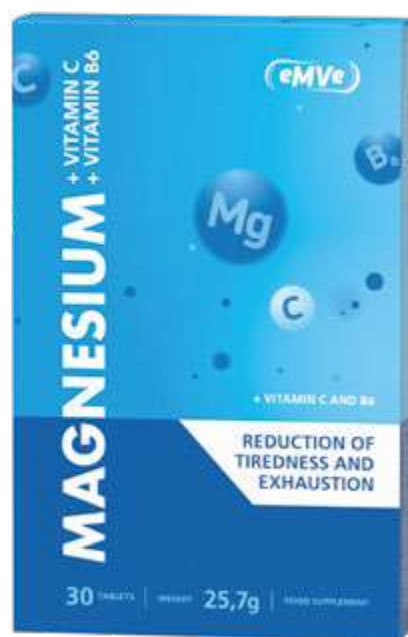

- magnesium positively affects the functioning of muscle and nervous cells
- supports calcium absorption
- relieves tension
- has an effect on the blood clotting and heart functioning
- vitamin C is important for collagen production
- vitamin B6 (pyridoxine) is often referred to as the "vitamin for the nerves"
- helps with iron absorption and natural immunity of the organism

Quantity: 30 tablets

Active ingredients	in 1 tablet and % RI*
magnesium	100 mg (26,6 %)
vitamin B6	1 mg (71,4 %)
vitamin C	40 mg (50 %)

\*reference intake

● **Ingredients:** filling agent – sorbitol, magnesium oxide, acid – L-ascorbic acid, anti-caking agents – talc, magnesium stearate, polyethylene glycol, pyridoxine hydrochloride

Article no.:

## Multivita+

### HELPS BOOST THE IMMUNITY

- increase of physical and mental condition
- coenzyme Q10 as a source of energy necessary for all cells
- antioxidative effects – neutralisation of free radicals
- slows down the ageing process

Quantity: 30 tablets

Active ingredients	in 1 tablet and % RI*
vitamin C	40 mg (50 %)
zinc	5 mg (50 %)
vitamin E	6 mg (50 %)
beta-carotene	2 mg
selenium	27,5 µg (50 %)
coenzyme Q10	2 mg

\*reference intake

● **Ingredients:** filling agent – sorbitol, L-ascorbic acid, beta-carotene 10 %, DL-alpha-tocopheryl acetate, zinc citrate, anti-caking agent – talc, sodium selenite, anti-caking agents – magnesium stearate, polyethylene glycol, coenzyme Q10

Article no.:  
42300202

## eMVe Vitamin C

### SUPPORTS THE IMMUNE SYSTEM

#### Orange flavour

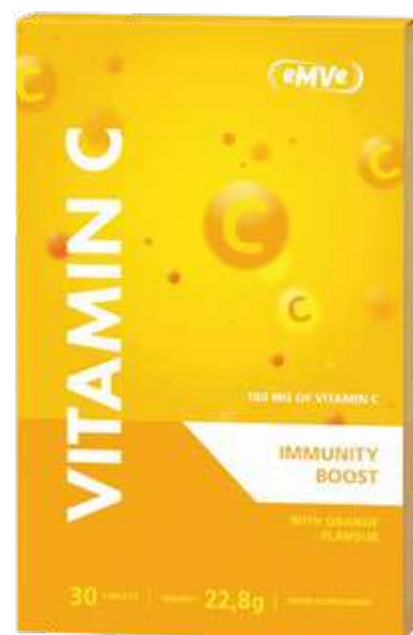

- stimulation of the immune system during viral and bacterial infections
- antioxidative effects
- necessary for wound healing
- positive effect on the creation and maintenance of healthy bones, teeth, cartilages, gums and skin
- important mainly after illness, during recovery, during stressful situations, high physical activity, staying in a polluted environment etc.

#### Quantity: 30 tablets

Active ingredients	in 1 tablet and % RI*
vitamin C	180 mg (225 %)

\*reference intake

● **Ingredients:** sweetener – sorbitol, L-ascorbic acid, anti-caking agents – magnesium stearate, talc, colour – beta-carotene 1 %, natural aroma, sweeteners – aspartame and acesulfame K

## Vitar® Dr.Agon Probio sticks

### FOR A HARMONY OF INTESTINAL MICROFLORA

#### Strawberry flavour

- contains 5 probiotic strains characterized by high stability, resistant to high temperatures and acidic environments
- contains prebiotic fibre GOFOS™, which is very beneficial for the intestinal microflora
- vitamin C and D3 are also important for the proper function of the immune system, which is also beneficial for healthy bone growth and development in children
- several possibilities of use: the mixture can be poured into food, drinks or directly into the mouth, where it is transformed into a chewable mass and then completely dissolved, all with tasty strawberry flavour

**Quantity: 20 stick packs**

Active ingredients	in 1 stick pack and % RI*
5 probiotic strains: LactoSpore® Bacillus coagulans LifeinU™ Bacillus subtilis Lactobacillus acidophilus Lactobacillus plantarum Lactobacillus rhamnosus	2 billion CFU
vitamin C (L-ascorbic acid)	40 mg (50 %)
Vitamin D3 (cholecalciferol)	12,5 µg / 500 IU (250 %)

## Vitar® Dr.Agon Multivitamin + Colostrum

### FOR IMMUNITY SUPPORT

**3 fruit flavours: strawberry, blueberry, apricot**

**B-group vitamins, vitamins C and E contribute to:**

- normal functioning of the immune system
- normal functioning of the nervous system and normal mental activity
- decrease of the tiredness and exhaustion
- protection against free radicals

**Vitamin D contributes to:**

- normal growth and development of children bones
- maintaining the normal condition of bones and teeth
- normal calcium absorption

**Quantity: 45 tablets**

Active ingredients	in 1 tablet and % RI*	in 2 tablets and % RI*
colostrum	30 mg	60 mg
biotin	12,5 µg (25 %)	25 µg (50 %)
vitamin B1	0,275 mg (25 %)	0,55 mg (50 %)
vitamin B2	0,35 mg (25 %)	0,70 mg (50 %)
vitamin B6	0,35 mg (25 %)	0,70 mg (50 %)
vitamin B12	0,625 µg (25 %)	1,25 µg (50 %)
nicotinamide	4 mg (25 %)	8 mg (50 %)

● **Ingredients:** sucrose, water, vitamin premix (see active ingredients), L-ascorbic acid, preservative – potassium sorbate, sea buckthorn fruit extract, nucleotide mixture, natural aroma

## Maxi Vita® Herbal Herbal Elixir FOR KIDS

- natural extracts: plantain / wild thyme / vitamin C
- for children from 1 year
- the extracts have a positive effect on loosening of the mucus which forms in the respiratory system, these extracts make the clearing of mucus easier and calm the irritated respiratory mucosa
- the herbs are moreover enriched with vitamin C, which positively affects the immune system and thus also the whole immunity of the organism

Quantity: 260 g / 200 ml

Active ingredients	in 5 ml (½ of a tablespoon) and % RI*	in 10 ml (one tablespoon) and % RI*
plantain extract (extract 10:1 corresponds to 1 g of herb)	50 mg	100 mg
wild thyme extract (extract 10:1 corresponds to 1 g of herb)	50 mg	100 mg
vitamin C	20 mg (25 %)	40 mg (50 %)

\*reference intake

● **Ingredients:** sucrose, water, plantain extract, wild thyme extract, L-ascorbic acid

Article no.:  
43802000

## Revital® Elixir Nucleotides

### Strawberry flavour

- for an immunity boost
- contains 10 vitamins
- sea buckthorn
- for children from 3 years

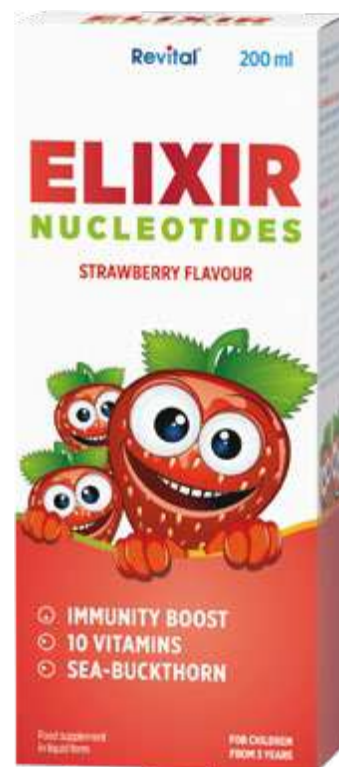

**Elixir** contains nucleotides, sea buckthorn extract and a combination of 10 vitamins, which are important not only for the support of the immunity of the organism. When the immune system is overloaded, it is important for the body to get enough vitamin C and nucleotides, which are the fundamental building blocks for nucleic acids DNA and RNA. These acids are present in the cells of all living organisms and are vital for their functioning.

**Quantity:** 200 ml

Active ingredients	in 10 ml (one tablespoon) and % RI*
mixture of nucleotides (5'-AMP; 5'-CMP; 5'-UMP.2Na; 5'-GMP.2Na)	55 mg
sea buckthorn extract ( <i>Hippophae rhamnoides</i> )	80 mg
vitamin C	40 mg (50 %)
biotin	12,5 µg (25 %)
vitamin E	3 mg (25 %)
vitamin B1	0,275 mg (25 %)
vitamin B2	0,35 mg (25 %)
vitamin B6	0,35 mg (25 %)
vitamin B12	0,625 µg (25 %)
nicotinamide	4 mg (25 %)
pantothenic acid	1,5 mg (25 %)
folic acid	50 µg (25 %)

\*reference intake

● **Ingredients:** sucrose, water, sea buckthorn fruit extract, vitamin premix (see the active ingredients), mixture of nucleotides, L-ascorbic acid, preservative – potassium sorbate, natural aroma

Article no.:  
**43802001**

## OvoCé

### NON-ALCOHOLIC POWDER DRINK

Soluble drinks enriched with vitamins

**Flavours:** strawberry and raspberry, lemon, grapefruit, orange

This drink does **NOT** contain:

- preservatives
- lactose
- gluten
- artificial sweeteners

**Quantity: 1 sachet = 1 litre of drink**

Active ingredients	in 1 sachet – in 1 litre of the drink and % RI*
zinc	15 mg (150 %)
vitamin C	120 mg (150 %)
vitamin E	18 mg (150 %)
vitamin D3	7,5 µg (150 %)

\*reference intake

● **Ingredients: Strawberry + raspberry:** sugar, acid – citric acid, aroma, natural aroma, fibre – inulin, L-ascorbic acid, colour – betain red, DL-alpha-tocopherol acetate, natural aroma, zinc citrate, cholecalciferol.

**Lemon:** sugar, acid – citric acid, natural aroma, fibre – inulin, L-ascorbic acid, DL-alpha-tocopherol acetate, zinc citrate, colour – riboflavin, cholecalciferol. **Grapefruit:** sugar, acid – citric acid, natural aroma, fibre – inulin, L-ascorbic acid, colour – betain red, DL-alpha-tocopherol acetate, zinc citrate, cholecalciferol. **Orange:** sugar, acid – citric acid, natural aroma, fibre – inulin, L-ascorbic acid, colour – beta-carotene 1 %, aroma, DL-alpha-tocopherol acetate, zinc citrate, cholecalciferol.

## Profi Iont

### NON-ALCOHOLIC BEVERAGE IN POWDER FORM

Protective ionic drink moderately mineralized  
With sweeteners. Sugar free.

**Flavours:** lemon, blackcurrant, grapefruit, raspberry, orange

**Profi Iont** is a loose mixture rich in vitamins and minerals. The contents of one stick pack makes 1,5 l of a tasty moderately mineralised non-alcoholic drink. The drink is designed to replenish fluids that the body loses together with a significant amount of minerals and vitamins during physical activity. Vitamins B2, B6, B12 contribute to reduced fatigue and exhaustion, vitamins C and E are important antioxidants. Vitamin C supports the immune system.

**Quantity:** 20 stick packs (1 pc/8 g)

Active ingredients	in 1,5 l of the drink / in 1 stick pack (8 g) (% RI*)	in 100 g of the mixture
biotin (D-biotin)	37,5 µg (75 %)	468,75 µg
vitamin B1 (thiamine mononitrate)	0,825 mg (75 %)	10,31 mg
vitamin B2 (riboflavin)	1,05 mg (75 %)	13,13 mg
vitamin B6 (pyridoxin hydrochloride)	1,05 mg (75 %)	13,13 mg
vitamin B12 (cyanocobalamin)	1,875 µg (75 %)	23,44 µg
nicotinamide	12 mg (75 %)	150 mg
pantothenic acid (calcium D-pantothenate)	4,50 mg (75 %)	56,25 mg
folic acid (pteroylmonoglutamic acid)	100 µg (75 %)	1250 µg
vitamin C (L-ascorbic acid)	80,0 mg (100 %)	1000 mg
vitamin E (DL-alpha-tocopherol acetate)	9,0 mg (75 %)	112,5 mg
vitamin D3 (cholecalciferol)	2,5 µg (50 %)	31,25 µg
vitamin K1 (phylloquinone)	45,0 µg (60 %)	562,5 µg
calcium (calcium carbonate)	100 mg (12,5 %)	1250 mg
magnesium (magnesium sulfate, magnesium oxide)	40 mg (10,5 %)	500 mg
potassium (potassium chloride)	25 mg (1,25 %)	312,5 mg
sodium (sodium bicarbonate)	200 mg	2500 mg
chlorides (potassium chloride)	25 mg (3,13 %)	312,5 mg
sulfates (magnesium sulfate)	75 mg	937,5 mg

## Profi Iont

### EFFERVESCENT TABLETS

### MODERATELY MINERALISED PROTECTIVE DRINK

With sweeteners. Sugar-free.

**1 tablet = 1,2 litre**

**Flavours:** orange, lemon

**Profi Iont** contains vitamins and minerals, which organism loses by increased sweating during physical activity. To maintain normal health, these substances need to be returned to the body.

**Vitamins B1, B2, B6, B12, folic acid, pantothenic acid** contribute to the reduction of tiredness and fatigue, **vitamins D3 and K1** contribute to the maintenance of the normal condition of bones, **vitamins C and E** are significant antioxidants.

**Quantity: 25 effervescent tablets**

Nutritional information	in 1 tablet – in 1 litre of the drink and % RI*	in 100 ml of the drink (% RI*)
energy value	36 kJ (9 kcal)	4 kJ (1 kcal)
fats (of which saturated fatty acids)	0 g (0 g)	0 g (0 g)
carbohydrates (of which sugar)	0,7 g (0 g)	0 g (0 g)

## Profi Iont

### CONCENTRATE FOR THE PREPARATION OF A MODERATELY MINERALISED PROTECTIVE DRINK

**Flavours:** orange, grapefruit and lemon, green tea and grapefruit

**Profi Iont** contains a concentrated amount of vitamins and minerals. It is intended for the preparation of a refreshing and protective moderately mineralised drink suitable for replenishing fluids that the body loses through increased sweating during physical activity or physical exertion at high temperatures.

By consuming 1,5 l of the drink prepared according to the instructions, you replenish your organism with 41 % of the recommended daily reference value of vitamin intake. These are important for maintaining normal health. **Vitamins B1, B2, B6, B12, folic acid, pantothenic acid** contribute to the reduction of fatigue and exhaustion, **vitamins C and E** are important antioxidants.

**Quantity: 1000 ml**

Nutritional information	in 100 ml of the concentrate (% RI*)	in 33 ml of the concentrate / in 1,5 l of the prepared drink – dilution 1:45 (% RI*)

Irbis®

## Low-calorie sweeteners based on aspartame

Suitable for those looking for a quality alternative to sugar

- the closest alternative to sugar
- does not cause dental caries
- suitable for weight loss diets
- sweet taste without sugar

### Do you know that...

Aspartame is a low-calorie sweetener that is approximately 200 times sweeter than sucrose. It is unique among low-calorie sweeteners because it metabolises completely in the human body into single compounds – amino acids, aspartic acid and phenylalanine. These elements can be found in much higher amounts in common food, such as meat, milk, fruits and vegetables, and they are used in the body in the same way whether they come from aspartame or from common food.

Aspartame was discovered in 1965 by James M. Schlatter, a chemist who worked for G. D. Searle & Company.

## Irbis® Aspartame SWEET 3× sweeter

### 3× sweeter than sugar but with 70% less calories

- powder alternative to the sweetener aspartame
- three times sweeter than sugar
- dissolves in hot and cold drinks
- for preparation of desserts, puddings, creams, cake fillings, cake dustings, etc.

Quantity: 200 g

Nutritional values	in 100 g / 1 spoon*
energy	1612 kJ (379 kcal) / 40 kJ (9,5 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	94 g / 2,4 g
– sugars	0 g / 0 g
proteins	0,8 g / 0,02 g
salt	0,02 g / 0 g

\*1 spoon = 2,5 g

● **Ingredients:** maltodextrin (97,4 %), sweetener (aspartame 1,7 %), anti-caking agent – silicon dioxide

Article no:  
46000001

## Irbis® Aspartame BIG SWEET 10× sweeter

1 spoon is equivalent to 10 spoons of sugar but with 90% less calories

- concentrated sweetener
- 10× sweeter than sugar
- reduces the energy value of sugar 10×
- for sweetening drinks, desserts, creams, puddings, fruit and vegetable salads, etc.
- very suitable for weight loss diets and for diabetics as part of their diet

Quantity: 200 g

Nutritional values	in 100 g / 1 spoon*
energy	1695 kJ (399 kcal) / 85 kJ (20 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	96 g / 4,8 g
– sugars	96 g / 4,8 g
proteins	3,4 g / 0,2 g
salt	0,02 g / 0 g

\*1 spoon = 5 g

● **Ingredients:** sugar 95,5 %, sweetener (aspartame 4,5 %)

Article no.:  
46000002

## Irbis® Aspartame Dispenser 110 tablets Refill packaging 220 tablets

1 tablet is equivalent to one sugar cube but with 97% less calories

- tablet form in a dispenser or in a paper bag
- suitable for weight loss diets as an alternative to sugar
- elegant packaging for travelling and going out
- dissolves in hot and cold drinks

Quantity: 110 tablets in a dispenser or 220 tablets in a paper bag

Nutritional values	in 1 tablet
energy	1,5 kJ (0,4 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	70 mg

Article no.:  
46000018

● **Ingredients:** lactose, sweetener – aspartame 19,6 %, filling agent – carboxymethylcellulose sodium salt, L-leucine

Irbis®

## Table sweetener based on sucralose

Made from sugar. Tastes like sugar. But it is not sugar.

- quality alternative to sugar
- new generation of sweeteners
- does not cause dental caries
- suitable for weight loss diets
- ideal for baking and cooking

### What is sucralose?

Sucralose is a new low-calorie sweetener used in different products from beverages to baked products. It is approximately 600× sweeter than sugar but because it does not metabolise in the human body, it does not supply any calories to the body.

### Tastes like sugar

Sucralose is made from sugar and tastes like sugar. The consumer will not notice any unpleasant aftertaste when consuming a drink or food sweetened with sucralose. The onset of sweet taste after consumption is quick and very pleasant.

### Stable even at higher temperatures

Sucralose is very stable and keeps its sweetness even at high temperatures and therefore it is ideal for cooking, baking, preservation and pasteurisation.

### Suitable even for diabetics

Table sweeteners based on sucralose do not have any effect on the use of glucose, metabolism of carbohydrates, production of insulin or absorption of glucose and fructose and therefore they are suitable for diets of people with diabetes of first or second type.

## Irbis® Sucralose with Chromium Dispenser 110 tablets

### 1 tablet is equivalent to 1 sugar cube

- tablets in a dispenser
- with chromium for maintenance of the normal glucose level in the blood
- practical protection against devaluation
- elegant packaging for travelling and also for going out
- simple use
- suitable for weight loss diets
- highly stable sweetener made from sugar
- less calories
- dissolves in hot and in cold drinks

### Quantity: 110 tablets in a dispenser

Nutritional values	in 1 tablet
energy	1,3 kJ (0,3 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	74 mg
– sugars	74 mg
proteins	4,3 mg
salt	0 g
chromium (chromium picolinate)	3 µg (7,5 %)*

\*reference intake

Article no.:  
46000016

● **Ingredients:** lactose, sweetener – sucralose 6,5 %, filling agent – carboxymethylcellulose sodium salt, L-leucine, chromium picolinate

Irbis®

## Table sweetener based on steviol glycosides

Sweetener of natural origin gained from the leaves of the *Stevia rebaudiana* plant. The patented method of production gives a pure sweet taste to the sweetener without an aftertaste.

Irbis® Stevia

### Dispenser 110 tablets

### Refill packaging 220 tablets

**1 tablet is equivalent to 1 sugar cube**

- tablet form in a dispenser or in a paper bag
- suitable for weight loss diets as an alternative to sugar
- suitable also for diabetics
- is temperature-stable, therefore it is possible to use it for sweetening of cold as well as hot drinks and also for cooking, preserving foods, etc.
- on the basis of steviol glycosides

**Quantity: 110 tablets in a dispenser or 220 tablets in a paper bag**

Nutritional values	in 1 tablet
energy	1,5 kJ (0,4 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	88 mg
– sugars	69 mg
proteins	2,5 mg
salt	0 g

● **Ingredients:** lactose, sweetener – steviol glycosides 96 % (14,1 %), L-leucine, filling agent – carboxymethylcellulose sodium salt

Article no.:  
**46000017**

Article no.:  
**46000011**

## Irbis® Stevia

### Table sweetener in powder form

1 spoon of sweetener is equivalent to 4 spoons of sugar but with 82% less calories

- everyone who wants to sweeten in a healthy way or who wants to maintain their weight, will love this unique taste
- based on steviol glycosides and fructose
- sweet taste without an aftertaste
- temperature-stable
- ideal for sweetening drinks, for cooking, baking, preserving, etc.

Quantity: 250 g

Nutritional values	in 100 g / 1 spoon*
energy	1683 kJ (396 kcal) / 71 kJ (17 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	99 g / 4,15 g
– sugars	98 g / 4,10 g
proteins	0 mg
salt	0 g

\*1 spoon = 4,2 g

Article no:  
46000014

● **Ingredients:** fructose (98,1 %), sweetener – steviol glycosides (1 %), anti-caking agent – silicon dioxide

## Irbis® Chicory

### SWEETENS LIKE ONE TEASPOON OF SUGAR

- high fibre content
- dissolves easily
- reduced energy value

**Irbis Chicory** is a powder sweetener of natural origin gained from the leaves of the Stevia plant supplemented with soluble fibre from chicory root. It is suitable for enriching the diet with fibre as part of a healthy lifestyle.

Steviol glycosides are a modern sweetener and are gained by extraction from the leaves of the Stevia plant. Fibre from chicory (inulin) passes through the digestive tract in almost unchanged form. It only works in the large intestine, where it becomes a substrate (nourishment) for the intestinal microflora which is important for the human organism.

It is suitable for directly sweetening hot and cold drinks, and flavouring dishes (yoghurts, puddings, porridges, smoothies, etc.)

Quantity: 200 g

Nutritional values	in 100 g / 1 teaspoon*
energy	841 kJ (209 kcal) / 29 kJ (7 kcal)
fats	0 g
– saturated fatty acids	0 g
carbohydrates	98 g / 3,3 g
– sugars	6,7 g / 0,2 g
fibre	91 g / 3,1 g
proteins	0 g
salt	0 g

\*1 teaspoon = 3,4 g

Article no:  
46000019

● **Ingredients:** fibre from chicory – inulin (98,8 %), sweetener – steviol glycosides (0,34 %), anti-caking agent – silicon dioxide

## Vitar Veterinae® Salmon Oil

**Vitar Veterinae Salmon Oil** is a natural source of essential fatty acids which have significant effects for the entire organism, especially for the management and coordination of all life processes. They beneficially affect the cardiovascular, muscular, nervous, respiratory, immune and digestive systems.

Administering the oil quickly improves the condition of the skin and fur.

It can lower the risk of cardiovascular diseases, reduce the level of cholesterol in the blood and significantly improve the quality of the coat when taken regularly. Salmon oil has a very positive effect on the function of the immune system. Recommended for animals experiencing reproductive issues.

**Quantity:** 200 ml, 500 ml or 1 000 ml

**Total content of Omega-3 acids:** 18 %  
EPA: 2-5 % / DHA: 3-8 % / DPA: 1-6 %

● **Ingredients:** Salmon oil, Rosmarinus officinalis extract, vitamin E

Article no:  
50300001  
50300002  
50300003

## Vitar Veterinae® Linseed Oil

**Vitar Veterinae Linseed Oil** is obtained from the seeds of common flax (Linum usitatissimum). The seed contains mucilage polysaccharides, proteins, tocopherols, lignans and enzymes. Linseed oil is an excellent source of energy, for example for active dogs in training, in wintertime, or during recovery. It significantly improves the quality and shine of the fur. It is also suitable for young individuals and breastfeeding females.

It helps suppress inflammation or reduce related effects, and prevents certain chronic diseases such as arthritis or diseases affecting the heart and blood vessels. It is also suitable for horses involved in sport or those prone to muscle stiffness.

**Quantity:** 200 ml, 500 ml or 1 000 ml

**Content:** Linolenic acid: 35-65 % / Linoleic acid: 11-24 %  
Oleic acid: 11-35 % / Stearic acid: 2-8 %  
Palmitic acid: 3-8 % / Other fatty acids: up to 1 %

● **Ingredients:** Raw oil from seeds of Linum usitatissimum, Rosmarinus officinalis extract, vitamin E

Article no:  
50300004  
50300005  
50300006

## Vitar Veterinae® Hemp Oil

**Vitar Veterinae Hemp Oil** is obtained from the seeds of the hemp plant (*Cannabis sativa*), a source of all 23 naturally occurring amino acids, including 8 essential ones, as well as a high volume of iron, magnesium, manganese, zinc, phosphorus, the vitamins A, D, E and other crucial substances for the body. It is a rich source of unsaturated fatty acids – alpha-linolenic acid and linoleic acid, which support the proper function of cell walls and nerves in addition to the immune and cardiovascular systems. This product boasts an optimal ratio of the essential fatty acids omega-3 and omega-6.

The oil is free of THC or other psychotropic substances that affect consciousness.

**Quantity:** 200 ml, 500 ml or 1 000 ml

**Content:** Linoleic acid: 44,5–65,5 %

Alpha-Linolenic acid: 13,5–30,5 % / Oleic acid: 5,5–20,5 %

Palmitic acid: 4,5–12,5 % / Stearic acid: 0,5–4,5 %

● **Ingredients:** Raw oil from seeds of *Cannabis sativa*, *Rosmarinus officinalis* extract, vitamin E

Article no.:  
50300007  
50300008  
50300009

## Vitar Veterinae® Milk Thistle Oil

**Vitar Veterinae virgin Milk Thistle Oil** is obtained from the milk thistle (*Silybum marianum*), a plant which contains all oil components at a natural ratio and in high quality. Not only does it possess essential unsaturated fatty acids and vitamins, it is also a rich source of linoleic acid, an organic compound essential to the body found solely in food. Constituting a fundamental component from which other unsaturated fatty acids are synthesised by the organism, it boasts substances that reinforce the normal function of the immune system and lipid metabolism and exert an anti-inflammatory effect.

Milk thistle protects cells and tissues from oxidative stress, thereby contributing to protecting the organism from external influences, in addition to aiding normal heart functions and care of the liver.

**Quantity:** 200 ml, 500 ml or 1 000 ml

**Content:** Linoleic acid: 46–55 % / Oleic acid: 15–25 %

Palmitic acid: 7–12 %

● **Ingredients:** Raw oil from seeds of *Silybum marianum*, *Rosmarinus officinalis* extract, vitamin E

Article no.:  
50300010  
50300011  
50300012

## Vitar Veterinae® GasterON Symbio

### STRENGTHENING AND STABILISATION OF INTESTINAL MICROFLORA

#### A COMPLEX OF PROBIOTIC BACTERIA AND PREBIOTICS (FIBRE)

**GasterON Symbio** contains active substances in a powder form helping strengthen and stabilise intestinal microflora in cases of acute or chronic diarrhoea and treatment with antibiotics, and following deworming, vaccination, injury or surgery, and in periods of stress.

Featuring a balanced combination of probiotics (four strains) and prebiotics (fructooligosaccharides, "FOS"), the resulting synergistic effect induces natural balance in the digestive and immune systems, enabled by the mutual action of the substances' positive properties.

The probiotics in the blend are present at the amount of 1,5 billion, the strains comprising *Bacillus coagulans*, *Lactobacillus acidophilus*, *Lactobacillus plantarum* and *Lactobacillus rhamnosus*. The prebiotics take the form of fructooligosaccharides GOFOS™, a water-soluble fibre that nourishes and supports the growth of beneficial intestinal bacteria.

**Quantity: 28 g**

Article no.:  
**50301018**

Active ingredients	in 280 mg (1 scoopful)
4 probiotic strains: <i>LactoSpore® - Bacillus coagulans</i> <i>Lactobacillus acidophilus</i> <i>Lactobacillus plantarum</i> <i>Lactobacillus rhamnosus</i>	1,5 billion
Fructooligosaccharides FOS	156,6 mg

● **Ingredients:** a mixture of probiotic strains (*Lactobacillus acidophilus*, *Lactobacillus plantarum*, *Lactobacillus rhamnosus*, *Bacillus coagulans*), fructooligosaccharides (FOS; sugar beet fibre), silicon dioxide (drying agent)

## Vitar Veterinae® ArtiVit Syrup

### JOINT NUTRITION AND REGENERATION

Veterinary nutritional supplement for dogs and cats. ArtiVit syrup contains a complex of ingredients important for joint nutrition and for the regeneration of articular cartilage and ligaments.

**Quantity: 200 ml, 500 ml or 1 000 ml**

Active ingredients	in 5 ml
glucosamine sulphate 2KCl	100 mg
chondroitin sulphate	50 mg
MSM (methylsulphonylmethan)	50 mg
hydrolysed collagen	700 mg
Boswellia serrata extract	20 mg
hyaluronic acid	7 mg
vitamin C	40 mg

● **Ingredients:** sugar, water, hydrolysed collagen, glucosamine sulphate 2KCl, MSM, chondroitin sulphate, L-ascorbic acid (vitamin C), Boswellia serrata extract, hyaluronic acid, preservative – potassium sorbate

## Vitar Veterinae® DentON

### FOR HEALTHY TEETH AND GUMS

#### REDUCTION OF PLAQUE AND TARTAR

The preparation acts directly in the digestive tract of the animal, from where it subsequently gets into the bloodstream then into the saliva, thereby very effectively applying to the teeth and gums.

**Quantity: 50 g or 100 g**

Active ingredients	1 measuring cup
ascophyllum nodosum	400 mg

● **Ingredients:** Ascophyllum nodosum

## Vitar Veterinae® ArtiVit Pegas MSM

### FOR HORSES AND LARGE DOG BREEDS

#### CRYSTAL CLEAR SUBSTANCE MSM IN THE FORM OF POWDER

MSM contains organically bound sulphur, which plays a positive role in ligament and tendon strengthening; it suppresses pain and inflammation and has a positive effect on regeneration and relaxation of muscles.

**Quantity: 720 g of powder**

Active ingredients	in 4 g
MSM	4 g

● **Ingredients:** MSM (methylsulphonylmethan)

Article no.:  
50301015

## Vitar Veterinae® ArtiVit Pegas Forte 7

### EXTRA STRONG JOINT NUTRITION FOR HORSES

#### 7 ACTIVE INGREDIENTS IN EXTRA STRONG CONCENTRATION

**ArtiVit® Pegas Forte 7** contains a complex of synergically acting substances important for joint nutrition. The powder form enables smooth serving even during a long-lasting therapy. It can be stirred in water or put directly into a regular diet.

**Quantity: 700 g of powder**

Active ingredients	in 4 g	in 1 kg
glucosamine sulphate	1 500 mg	375 g
chondroitin sulphate	600 mg	150 g
MSM (methylsulphonylmethan)	1 500 mg	375 g
Boswellia serrata extract	20 mg	5 g
hyaluronic acid	10 mg	2,5 g
hydrolysed collagen	280 mg	70 g
vitamin C (L-ascorbic acid)	80 mg	20 g

● **Ingredients:** glucosamine sulphate 2KCl, MSM (methylsulphonylmethan), chondroitin sulphate, hydrolysed collagen, L-ascorbic acid, Boswellia serrata extract, hyaluronic acid

Article no.:  
50301016

## Vitar Veterinae® Multivitamin Forte

### FOR STRONGER IMMUNITY

Suitable for physically burdened animals, during pregnancy and to improve the physical and mental condition of older dogs and cats. Significantly improves the quality and shine of fur.

Comprehensive multivitamin in the form of soft jelly that your pet will instantly fall in love with. Jellies are an ideal form for long-term use and are very well tolerated by dogs and cats.

**Quantity: 40 jellies (140 g)**

Active ingredients	in 1 jelly	in 2 jellies
vitamin C	40 mg	80 mg
biotin	25 µg	50 µg
vitamin E	6 mg	12 mg
vitamin B6	0,7 mg	1,4 mg
vitamin B12	1,25 µg	2,5 µg
niacin	8 mg	16 mg
pantothenic acid	3 mg	6 mg
folic acid	100 µg	200 µg
vitamin D3	2,5 µg	5 µg
iodine	75 µg	150 µg
zinc	5 mg	10 mg
rose hip extract	10 mg	20 mg

Article no.:  
**50301009**

● **Ingredients:** glucose syrup, sugar, pork gelatine, mixture of vitamins and minerals (L-ascorbic acid, DL-α-tocopherol acetate, zinc citrate, maltodextrin, nicotinamide, D-calcium pantothenate, cyanocobalamin, cholecalciferol, pyridoxine hydrochloride, folic acid, potassium iodide, biotin), acids – citric acid, lactic acid, apple concentrate, carrot concentrate, rose hip concentrate, colouring concentrates (from spirulina, carrot, safflower), inverted sugar syrup, colours – carotenes, curcumin, polishing agent – carnauba wax, aromas, natural aromas

## Vitar Veterinae® ArtiVit Forte

### JOINT NUTRITION AND REGENERATION

**ArtiVit Forte** contains a complex of ingredients important for joint nutrition and for the regeneration of articular cartilage and ligaments.

**Comparing to the syrup, the powder contains higher amount of active ingredients.**

**Quantity: 70 g, 400 g or 600 g**

Active ingredients	in 4 g (one heaped teaspoon)
glucosamine sulphate 2KCl	750 mg
chondroitin sulphate	300 mg
MSM (methylsulphonylmethan)	400 mg
Boswellia serrata extract	20 mg
hyaluronic acid	10 mg
hydrolysed collagen	2480 mg
vitamin C	40 mg

Article no.:  
**50301003**

Article no.:  
**50301004**

Article no.:  
**50301005**

● **Ingredients:** hydrolysed collagen, glucosamine sulphate 2KCl, MSM (methylsulphonylmethan), chondroitin sulphate, L-ascorbic acid, Boswellia serrata extract, hyaluronic acid

## Vitar Veterinae® Mineral Forte

### FOR HEALTHY BONES, TEETH AND HAIR

Natural source of important minerals and B-group vitamins.

Preparation contains Aquamin F - natural source of minerals produced from calcareous seaweeds (Lithothamnion species) and brewer's yeast.

**Quantity: 80 g, 500 g or 800 g**

Active ingredients	in 4 g (heaped teaspoon)
<b>Aquamin F contains:</b>	2000 mg
calcium 32 %	640 mg
magnesium 2,2 %	44 mg
<b>Brewer's yeast contains:</b>	2000 mg
vitamin B1	0,14 mg
vitamin B2	0,064 mg
vitamin B6	0,032 mg
vitamin B12	0,042 µg
pantothenic acid	0,06 mg
folic acid	16 µg
niacin	0,86 mg
calcium	5,6 mg
potassium	36 mg
phosphorus	22 mg
iron	0,14 mg
copper	10 µg
manganese	14 µg
zinc	0,1 mg

● **Ingredients:** Aquamin F (sea multimineral complex), brewer's yeast (mixture of vitamins and minerals)
